## WORLD'S LARGEST SHIP ENDS MAIDEN TRIP IN ARRIVAL AT NEW YORK

Majestic Is Met at Quarantine by Officials, Fleet of Small Boats and Band—Steamer Accommodates More Passengers Than Gotham's Biggest Hotel

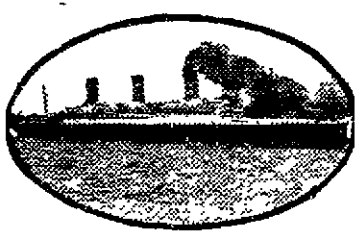

(Photos on Art Page)  
NEW YORK. — (Associated Press.) — The Majestic, world's largest ship, was rolling down from Nantucket to Sandy Hook today on the last lap of her maiden voyage across the Atlantic. Early today, all arrangements had been made to give the new empress of the seas a triumphal entry to the harbor.

Three White Star tugs, carrying White Star line officials, the police boat John F. Hyland, with a band, a United States shipping board tug and several smaller boats went down to Quarantine to give the giant craft a fitting welcome.

The Majestic, which is of 56,000 tons displacement, is not only the largest, but probably the speediest passenger ship now afloat. She has a record of 25 knots an hour and her engines are still going. When they limber up her officers and officials of the line believe she will make at least four more knots and during her summer runs eclipse the trans-Atlantic record now held by the Mauretania.

TWO GIANTS TO RACE  
Probably the first week in August, when the Mauretania is coming this way and the Majestic is Europe-bound, the two giants will race. By that time, officers of the Majestic say, her great oil burner and her eight mammoth turbines, each weighing 75 tons will drive the Majestic at top speed, somewhere in the vicinity of 28 knots an hour.

The Majestic, even as a German ship before the war, never made a

THE MAJESTIC  
A LITTLE TALK ON TWO SHIPS

WE humans of 1922 are pretty cocky. We have built a ship 566 feet long. It is called the Majestic.

Truly the building of the Majestic is a great achievement. But before exhausting our superlatives in self-praise, let's look back a little. There once was a shipbuilder named Noah.

Noah's record, as narrated in the Old Testament, will never be bettered. Here's what he did, as told in Genesis:

"And God said unto Noah, make thee an ark. The length of the ark shall be three hundred cubits, the breadth of it fifty cubits, and the height of it thirty cubits. According to the New International Encyclopedia, the ark was 525 feet long, 87 1/2 feet wide, and 52 1/2 feet deep. Not so big as the Majestic, which is 566 feet long, 100 feet wide, and 102 feet deep — but a whale of a boat when one considers Noah's facilities.

Noah had feed lots. His materials were gathered wood and pitch. Probably nobody helped him but his sons, Shem, Ham and Japheth and their wives. Yet they built a ship big enough to house and supply for several months "two of every sort of fowls after their kind, and of every creeping thing of the earth after his kind."

It is well to reflect in admiring the feat of the Majestic builders, that Noah's record still stands.

THE ARK

## 5,000 AT MEETING OF U. S. C. OF C.

Tenth Annual Convention Opens At Washington

WASHINGTON. — (Associated Press.) — Although business conditions are on the mend in this country, the improvement through world and particularly in Europe, since the war, has "not been sufficient to justify optimism as to the future," Joseph H. Deffres, president of the Chamber of Commerce of the United States, declared here today in opening the tenth annual meeting of the chamber.

Laying before the convention, attended by some 5,000 delegates from every section of the country, the keynote problem to be considered, "European conditions in their effect on American business," Mr. Deffres said:

"When we look eastward to the center of modern civilization in Europe, to the markets of half our export trade, it is only the hopelessly ignorant or the incurable optimist who can work out any immediate assurance of comfort or stability. "Hunger and its kinsman, Bolshevism, still stalk menacingly across the stage, wars and rumors of wars are yet in progress, boundaries are not fixed, governments are not secure, finances are in turmoil. Those things that we fought for, the defeat of militarism and the safety of our own and other free governments, have not yet been attained. How and when we shall aid, in restoring stability in Europe in our own interest as well as in theirs, are, I assert, the greatest and most immediate problems before American business today."

LIBRARY TO CLOSE  
COSHOCTON—Because of insufficient funds with which to pay operating expenses, the Carnegie Library will be closed for four months, trustees announced.

## OPPOSITION DEVELOPS TO PLAN OF ADOPTING EASTERN TIME

PROMINENT WOMAN DIES AT AGE OF 106

NEWFIELD, N. H.—Mrs. Mary R. Pike, a real daughter of the Revolution, died today at the age of 106 years, eight months and four days. She had been ill a year. Mrs. Pike was the oldest person in New Hampshire and possibly in New England.

Her grandfather, Captain Luke Brodhead, served on the staff of LaFayette. Rev. John Brodhead, her father, was founder of Methodism in New Hampshire. A brother, George H. Brodhead, was for a time, president of the New York Stock Exchange.

## RUM LADEN PLANE IS WRECKED

Airship in Crash Near Croton-on-Hudson

WHISKEY VESSEL CAPTURED

Sloop Taken off New York, With Big Liquor Cargo

NEW YORK. — (Associated Press.) — The wrecking of a whiskey laden airplane near Croton-on-Hudson, where New York city's drinking water comes from, caused prohibition authorities today to consider steps to prevent this form of smuggling from Canada.

The plane was a double seater and the passenger cockpit had been filled with New York harbor today. A clue as to the origin of the cargo was a copy of a Montreal newspaper. Following the crash an irate and limping man hurried toward an automobile which apparently had been waiting for him. He climbed in and was whirled away. About one hundred quart bottles were broken in the crash and fifty were intact.

NEW YORK. — (Associated Press.) — The prohibition navy brought a prize into New York harbor today. It was a sloop of 15 tons of displacement, loaded, it was declared with 2,000 cases of whiskey. The prize was captured by the cutter Hahn off the New Jersey coast. Six members of the crew were arrested.

## HERRICK APPEALS FOR ROAD AID

Asks Autoists Assist in Securing Federal Fund

COLUMBUS. — (Associated Press.) — Leon C. Herrick, state director of highways, appealed to automobile clubs of the state to assist him in getting \$4,000,000 of federal aid funds set aside in Washington for Ohio, which, according to Herrick, the federal bureau of roads is holding up because of its policy not to approve any road plans that do not include grade crossing eliminations.

Addressing the closing session of the Ohio State Automobile Association convention, Herrick said he heartily approves elimination of dangerous grade crossings but deems it an unwise expenditure to eliminate some of the crossings the federal bureau insists on.

A project on the Columbus-Sandusky highway, Herrick said, is being held up because the federal bureau wants an expensive grade crossing elimination at Carrothers, Seneca-co, on a level roadway, when with the same expense three other more dangerous grade crossings could be eliminated in places where the contour of the land is different. Herrick said his department has seven or eight secret service men on the job now watching highway inspectors whose duty it is to see that contractors build roads according to specifications. He asked automobile clubs to report to him any derelictions on the part of contractors.

Resolutions adopted by the association ask that judges be impressed with the necessity of imposing maximum sentences on automobile thieves, oppose additional taxes on motorists and take exception to the proposed re-districting plan of the Automobile Association of America, saying state lines should be adhered to.

## FAIL ON FACTS TO HOLD WOMAN FOR MURDER

CLEVELAND. — In a final report to County Prosecutor E. C. Stanton, City Chemist Harold J. Knapp today said only minute traces of poison could be found in the body of a man whose widow had been suspected of poisoning three of her five husbands. The body of the woman's fifth husband was twice examined and the vital organs removed for analysis. After receiving the chemist's final report, Prosecutor Stanton announced no further investigation in the case will be conducted. The woman is being held in jail on charges which have no connection with the deaths of her husbands.

WOMEN MEET MAY 29  
TOLEDO. — The third annual conference of the business and professional women's clubs of Ohio will be held in Toledo May 29 and 30, it was announced here today.

## U. S. MAY ACCEPT PARLEY SEAT

Reply to Genoa Invitation Leaves Door Open

WOULD MODIFY PROGRAM

Lloyd George Still Hopeful of American Aid

WASHINGTON. — (United Press.) — The American government in its note rejecting the invitation to meet the allied powers at The Hague June 15, to discuss Russian affairs, has left "the door open for participation in the conference if the program is modified," it was officially stated at the White House today.

Just what modifications are necessary for the United States to attend the conference, was not officially revealed, but it is believed that this government will insist that the soviet government agree to guarantee life and property, the sanctity of contracts and the right of free labor, which heretofore have been made a requisite to American recognition.

LOVD GEORGE HOPEFUL  
GENOA. — (Associated Press.) — Prime Minister Lloyd George does not feel, it was indicated this afternoon, that the American refusal to participate in the commission to sit at The Hague on Russian affairs is her final word. The document indicates great American interest in Russia's economic reconstruction and the reply is regarded as one forming a basis for further correspondence.

ENVOYS SURPRISED  
GENOA. — (Associated Press.) — Foreign Minister Schanzer, of Italy, on learning today that the United States would not join the proposed commission on Russian affairs at The Hague, expressed great surprise, especially at the rapidity with which a decision was taken which may have great influence on the further discussions at Genoa.

Great disappointment at American decision was expressed generally in conference circles as the belief had gradually been forming here that the United States was ready now to join the other powers in dealing with Russian economic problems.

FRANCE MAY REFUSE  
PARIS. — (United Press.) — France probably will follow America's lead and refuse to participate in the proposed conference at The Hague June 15, it was semi-officially stated today in Paris.

COUNCIL SHUNS PROBLEM  
GENEVA. — (Associated Press.) — The council of the league of nations refused today to take up the Russian problem and referred to the Genoa conference the Norwegian government's request for an immediate inquiry by the league into the general situation in Russia and the effect of the famine on economic reconstruction in Europe.

Dr. Fridtjof Nansen, who presented the Norwegian government's request and who is the league's high commissioner for Russian relief, fought hard to prevent the question going to Genoa. He said handing it to Genoa was equivalent to hurrying it.

RUSSIA ASKS TIME  
GENOA. — (United Press.) — Russia today asked and received 24 hours in which to consider the allied proposal for a conference at The Hague next month.

The soviet delegation will communicate with Moscow before formally accepting The Hague plan. The Russians met with the political sub-commission today and reiterated their willingness to go under certain conditions. Their reservations were such that complete agreement was impossible and the Russians will give their official reply tomorrow.

At the protracted committee meeting today, Tchicherin raised objections to several points in The Hague plan.

U. S. ANSWER  
WASHINGTON. — (Associated Press.) — The United States government having removed today the last possible doubt as to the finality of its decision not to participate in conferences on the European economic situation, the Genoa type officials here waited with interest the next move of the powers attending the Italian meeting.

Impartial observers at Genoa have been unanimous recently in stating that only the hope of securing the attendance of the United States either at Genoa or at the proposed conference at The Hague had prevented the arising of an impasse. This hope was definitely removed in the reply, dispatched by the state department last night to Ambassador Child to a formal invitation proffered through the French delegation at Genoa.

"This government is unable to conclude that it can helpfully participate in the meeting at The Hague," Secretary Hughes cabled the American ambassador, "as this would appear to be a continuance under a different nomenclature of the Genoa conference and destined to encounter the same difficulties if the attitude disclosed in the Russian memorandum of May 11, remains unchanged."

## NEW GERMAN AMBASSADOR ARRIVES IN WASHINGTON

WASHINGTON. — The German embassy housed a German ambassador today for the first time since midnight February 23, 1917, when Count Von Bernstorff, with the passports which had been handed him by the state department left Washington to sail for home. Dr. Otto Wiedfeldt, the new ambassador, arrived at the embassy late last night, having come to Washington from New York where he landed last Saturday.

## MARRIAGE EXILES VALENTINO

May Face Bigamy Charge if He Returns to California

ACTOR AND BRIDE IN MEXICO

Final Decree in Divorce Case Not Granted

LOS ANGELES. — (United Press.) — "We were madly in love and couldn't wait any longer."

This is Rodolph Valentino's reason why he rushed to Mexico, Mexico, and married Winifred Hudnut, daughter of the wealthy perfume manufacturer, before getting a final decree of divorce from his first wife, Jean Adair.

Valentino, screen lover, is virtually an exile from California. Divorce experts from this state believe he cannot return until a year elapses and his interlocutory decree granted sometime ago has been made final.

WARNING CITED  
Superior Judge J. W. Summerfield whose decision in his divorce cases in Los Angeles has made him an authority of national reputation, was asked for comment on Valentino's case. He called attention to warning printed on the bottom of every interlocutory decree.

"This is not a judgment of divorce. The parties are still husband and wife and will be such until a final judgment is entered one year from the entry of this interlocutory decree."

OTHERS CONCERN  
Other divorce judges concurred with this, making it clear, however, they were not expressing official opinion as to the Valentino case but merely citing the rule applicable to any such case.

The district attorney's office when asked what action would be taken if Valentino should return to California with his bride, stated action would be considered only after official notice were given. Valentino and his bride have been staying on the Mexican side of the border.

The actor's friends were greatly surprised, as they thought he was going to Mexico on a hunting trip. The Universal Studios said they had not been notified of the wedding and that when Valentino left it was understood he was going to Palm Springs for a vacation trip.

## TODAY'S BALLOT DECIDES BATTLE

Pennsylvania Voters Picking Choice of Candidates

PHILADELPHIA. — (Associated Press.) — Pennsylvania voters went to the polls today to nominate candidates for governor, lieutenant governor, secretary of internal affairs, two United States senators, representatives in congress and members of the state legislature to be voted for at the November election.

Weather conditions were favorable and a large vote was expected. Of overshadowing interest was the contest for the Republican nomination for governor between Attorney General George F. Alter organization candidate, and Gifford Pinchot, independent, former state forestry commissioner.

It was the first time in years that the Republicans had gone into a primary fight without a recognized leader and there was widespread interest in the outcome.

Supporters of Pinchot conceded that Alter would carry Philadelphia and Pittsburgh, but predicted that Pinchot would run up a vote in the other 65 counties sufficient to overcome this and give him the majority. Alter leaders claimed that he would not only carry the two largest cities by big majorities but would receive at least 50,000 margin in the remainder of the state.

There also was a contest in the Republican party for one of the senatorial nominations. This was between Senator George Wharton Pepper of Philadelphia, and Congressman-at-Large William J. Burke of Pittsburgh, for the unexpired term of the late Senator Penrose running until 1927. Pepper supporters claimed that his majority would be at least 100,000. Burke's backers professed confidence in the result.

The nomination of David A. Reed of Pittsburgh, both for the unexpired term of the late Senator Knox, the seat now filled by Senator William E. Crow and also for the full term of six years from next March, is assured. Senator Crow was not a candidate because of ill health and Reed was supported by both the Pinchot and Alter forces.

## CITY COMMISSION MOVES TO ADVANCE CLOCK MAY 27

### HISTORY OF DAYLIGHT SAVING

DAYLIGHT saving has had two trials in Lima heretofore — one successful and the other a dismal failure.

The successful trial was during the war when everyone was in for anything that would speed the end of the war. Then, too, it was a national arrangement and caused practically no confusion after the first day or two.

The unsuccessful attempt to put in use this plan in Lima was two years ago. After agitation for a short time from various sources, council adopted the plan. It caused so much confusion that it was repealed amid rejoicing a few weeks later. At that time it was adopted for the summer only.

## FOUR IDENTIFIED AS SLAYERS

Linked With Killings in Chicago Labor War

CONFESSIONS ARE MADE

Driver of Murder Car Admits Part in Affair

CHICAGO. — (Associated Press.) — Evidence distinctly connecting bomb throwers and the slayers of two policemen with the "big three" Chicago labor leaders was claimed today by police and state's attorneys, who have worked indeligmably since Terence Lyons, acting lieutenant, and Thomas Clark, patrolman, were shot down a week ago after two buildings had been dynamited in the labor war.

Four men have been identified positively as the slayers of the policemen and three of them have confessed, the police said, while John Miller, bartender, owner of the motor car from which the fatal shots were fired, has been identified as the driver, thru bloody finger prints on the automobile door. Two men who rode with him were arrested when they applied for medical aid, the police said, one having a body wound and the other a bullet thru the shoulder. Under questioning they broke down, police said, and one made a complete confession.

POISON ATTEMPT  
Miller himself confessed early today under constant questioning, the police said. He was secretly removed to an outlying police station because of an attempt to poison him. Police said one dog brought from a restaurant contained a quickly acting poison.

Three other alleged confessions and other information, according to the police and prosecutors, evidence has been obtained to connect the work of the bombers and killers with "Big Tim" Murphy, head of the gas workers' and street sweepers' unions, former member of the state assembly and congressional secretary, "Con" Shea of the theatrical unions' union, and "Frenchy" Mader, president of the Chicago Building Trades Council. These men called by the police the "big three" with five others, were held without bail under murder indictments in connection with Lyons' and Clark's deaths. They have maintained innocence since their arrests a week ago.

CHAIN OF EVIDENCE  
Other incidents in the chain of evidence that police and corps of prosecutors say they have unearthed are:

Establishing that the saloon of Jerry Horan was headquarters for professional gangsters whose daily business was throwing bombs, slugging workers it was desired to intimidate and killing.

Finding the source of weapons, ammunition and dynamite the slugs were used.

Establishing methods by which the gangsters were directed from "higher up" as to the work to be done each night.

Developed that Miller, alleged driver of the murder car, probably will be charged with the murder of John Kikutaki, stock yard labor official, who was shot in 1920.

Kickham Scanlon, chief justice of the criminal courts, will render a decision today on the plea of attorney for Murphy and Mader that their cases be assigned for simultaneous trial.

The wives of Murphy and Mader are said to have started a drive yesterday to obtain \$100,000 for their husbands' defense.

## Chamber of Commerce Refuses to Sanction Move

BODIES SPLIT ON QUESTION

County Commissioners Will Adhere to Law

Indications Tuesday were that the city commission's plan to put Lima on Eastern time basis the year around will meet stiff resistance.

The commission plans to turn the clocks ahead one hour on May 27. Legislation to swing this city into the Eastern time zone is being prepared by the city's legal department now and it is expected that it will be passed soon.

While there are many in the city who favor the change and others who are indifferent to the proposition, there are many who declare they are not in favor of the proposed tampering with the clocks. Many who would not oppose daylight saving as a summer proposition, are against it as a year around institution.

C. C. FAILS TO ACT

J. Kennard Johnson, manager of the Chamber of Commerce, said Tuesday that the chamber had tabled without any action three resolutions this year providing for daylight saving. This action, he said, was taken after the chamber found that practically no organization was a unit in favor of it.

Johnson mentioned a number of factories and organizations in the city where investigations had been made showing that the managements could not agree on the plan. Labor, he said, was not unanimous on the matter. Workers in railroad shops particularly are opposed to it, Johnson announced.

Members of the board of county commissioners, queried Tuesday on the subject, stated that they had not given the subject any consideration. No action has been taken, A. J. Gray said and what will be done is for the future to determine. Gray pointed out that a law exists which requires that public work be governed by central standard time. The commissioners will take no action, Gray hinted, but said the law will be obeyed.

Members Hughes, Calvert and Austin of the city school board apparently favor the change, as does also Superintendent Collins. However, Collins raised the point that in making the change the latter part of this month, with the close of the school year so near at hand, would result in some confusion.

WHAT THE LAW SAYS  
The law governing time for application to public work and for the conduct of schools, reads:

"When a clock or other timepiece is in or upon a public building, maintained at public expense, a board of county commissioners, board of education or other persons having control of such buildings shall have such clock set and run according to the standard of time, as provided in the preceding section."

The preceding section referred to, 6973, specifies that central standard time shall be used.

Heads of the Lima Trades and Labor council stated that they had not discussed the matter recently, but that if other organizations in the city favored the change, they will interpose no objections.

## 100 SOLDIERS IN BANDIT HUNT

Missouri Stirred by Holdup of Payroll Messenger

SPRINGFIELD, Mo. — (United Press.) — Missouri's greatest bandit hunt was on here today.

One hundred national guardsmen with machine guns and automatics and 25 deputies with posers from a dozen surrounding cities and towns combed hills near Lebanon for five armed men who robbed a Frisco payroll messenger of \$50,000 and wounded two men here yesterday.

Hundreds of farmers and other citizens mounted and afoot, combed the broken country. Several times it was thought the bandits were surrounded, but storming parties failed to oust them.

The bandit were believed hiding in Bradshaw Flats, northeast of Lebanon, and the militia and civilians threw a cordon around the territory and planted machine guns at strategic points.

MODIFICATION ASKED  
WASHINGTON. — President Harding has requested the shipping board to modify its decision and to retain the name of the Leviathan for the big liner taken over from Germany and used in transporting troops during the war, it was said today in administration circles. The board had contemplated renaming the vessel the President Harding.

## CHILDREN BACK IN SWEAT SHOPS

Result of Supreme Court's Ruling on Labor

ONLY ONE HOPE REMAINS

Constitutional Amendment May be Next Step

BY LAURENCE M. BENEDICT

WASHINGTON—(United Press)—Thousands of children 16 years of age and younger soon will be back at work in "sweat shops," mines and other places throughout the country as the result of the supreme court's ruling that the child labor law is invalid.

Big employers, particularly those in the southern cotton mills regions, were expected to take immediate advantage of the court's decision handed down yesterday.

That child labor is still desirable and profitable is indicated in the fact that despite the ten per cent tax which has been assessed since 1912, on the products of such labor placed in interstate commerce, hundreds of factories and mills have continued to employ children.

STILL PROFITABLE

Congress has now failed twice to stop child labor, a measure barring products of child labor from interstate commerce and another putting a tax on such products, both having been knocked out by the supreme court.

ONLY REMAINING HOPE

The one effective tool is a constitutional amendment. Here of course is the immediate advantage of the court's ruling. Because of the jam existing at the capitol and the desire for an early adjournment, it was said that it is unlikely that any attempt to push through an amendment will be made at this session. It was pointed out that should congress amend the constitution to outlaw child labor, it probably would require several years before it could be effectively ratified by two thirds of the states.

Treasury officials were preparing today to refund to employers the taxes collected under the child labor act. It was said it totaled less than \$100,000.

The attempt to ban child labor was costly to the government, treasury officials estimating that it totaled at least \$200,000.

## NEW TRIAL ASKED IN WILL CASE

Attorneys for Perry Collins Make New Move

Motion for new trial in the Samuel Collins will contest was filed in common pleas court Tuesday by counsel for Perry C. Collins, administrator of the estate and the principal beneficiary under the will.

Judge Fred C. Decker, did not indicate on what day he will hear arguments in support of the motion. Counsel for Dorothy Collins, 24, of 413 E. Cole-st., heiress, who was awarded a \$10,000 verdict by a jury before Judge Becker Friday, believe the court will overrule the motion.

At the same time the motion for a new trial is heard, the court will hear a motion offered by Perry Collins' attorneys to disregard the verdict of the jury and find for the defendant.

The motion is based on the contention that the will introduced in evidence and probated in Allen county is the last will and testament of Samuel Collins, 36 year nonagenarian, who died in October, 1919.

A second codicil to the will executed May 20, 1919, was torn out of the will and destroyed.

By destruction of the codicil the jury found that the entire testamentary portion of the will was invalidated. Under the charge of the court, however, legacies in the will were retained.

The legacies give Dorothy Collins, great granddaughter, \$5,000; Leland Collins, a grandson, \$5,000 and minor bequests to other relatives and to Woodlawn Cemetery association.

CHILD WELFARE BODY PICKS TRUSTEE BOARD

At the annual business meeting of the Allen County Child Welfare association in the welfare rooms in Memorial Hall Monday afternoon the following were named as trustees:

Mrs. W. L. Parmenter, Mrs. E. A. Williams, Jr., Mrs. J. W. Roby, Dr. C. R. Clayton and H. P. Dean, to serve for a period of three years; Mrs. G. F. Bayly, Mrs. F. L. Maize, Mrs. W. E. Bayly, and Dr. J. J. Sutter and Mrs. L. A. Larsen, for a period of two years and C. C. Argabright, Mrs. Charles Pohlman, of Spencerville, Mrs. Elmer Ewing, of Bluffton; Dr. J. R. Tillotson and Mrs. A. B. Jones, for one year.

ADA BAND TO PLAY HERE WEDNESDAY; AGAIN FRIDAY

A 40-piece band from Ohio Northern university, Ada, will play at the luncheon meeting of the Y. M. C. A. campaign workers at the "Y," Wednesday at 11:30.

Following the concert at the "Y," the band will go to Central high school where it will give a concert from 12:10 to 12:40 p. m.

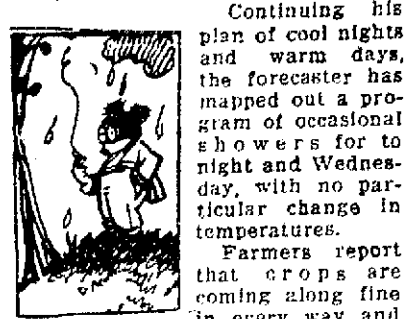

Members of the band will return to Lima Friday to play at the high school track meet. They will furnish music throughout the meet. The band is conducted by Professor M. Mazzulla.

KINZER CHANGES FROM POLICE TO FIRE FORCE

Frank Kinzer, who resigned last week as a traffic officer on the police force to become a city fireman, turned in his badge Tuesday. Kinzer had been his first lesson in "doubling" by assisting Monday night the family washing.

## MAY SHOWERS ARE SCHEDULED

May showers make for prolific crops. That is a generally accepted fact. Growing things need lots of moisture. It cannot be said that the weatherman has been remiss in his duty in that respect thus far during the present double fortnight.

Continuing his plan of cool nights and warm days, the forecaster has mapped out a program of occasional showers for to night and Wednesday, with no particular change in temperatures.

Farmers report that crops are coming along fine in every way and that there is abundant prospect of a bounteous harvest. Expecting rain as a feature of May, the average citizen is not disappointed when it comes.

## FLOOD OF WHISKY IS TRAILED

Dry Agents Flock to Cleveland in Hunt of Violators

CLEVELAND — (Associated Press) — More than a dozen federal prohibition agents from Washington in charge of F. C. Yellowley, the government's chief "mopper up," were in Cleveland today on the trail of a flood of whisky said to have been pouring into the city at the rate of 4,500 cases a week, coming in carload lots of 1,500 cases to the car.

Three times a week the carload arrived, it is said, altho permits had been issued for only one carload each week. The liquor was consigned to a local drug company, but the company never received it, the whisky being distributed direct to the consumers from the freight train, it is alleged.

Eleven thousand gallons of whisky being distributed direct to the consumers from the freight train, it is alleged.

The price of the whisky was \$30 a case at the distillery and it was sold here at from \$120 to \$135 a case. In the opinion of the federal agents the whisky traffickers had solicited at work taking orders for the liquor in every shipment before it arrived.

The last cargo is said to have arrived about ten days ago. The investigators have as yet been unable to locate the head of the drug company whom they desire to interview.

All the evidence thus far found by the investigators has been turned over to Assistant United States District Attorney Henderson for possible grand jury action.

## CANTON POLICE, CITIZENS WIN REWARDS IN ROUNDUP OF JIGGS LOSTEINER GANG

Canton police who participated in the gun battle with members of the Jiggs Losteiner gang, killing two and capturing two will be well rewarded for the danger incurred, it was learned Tuesday.

Rewards totaling \$1,300 will be divided among police and citizens who rounded up the band.

Allegheny-co., Pennsylvania authorities will pay \$1,100 for the arrest of Andy Kanter, one of the two surviving bandits. The other has not been positively identified as one of the gang who robbed the Grafton, Pa. bank January 29, 1922 and killed the cashier.

The remainder of the money, \$200 will be paid by the Lima Dime Savings bank for Eddie Stevenson who was killed at the bank. He was convicted that Stevenson is none other than the lone bandit who held up the bank May 2 and escaped with \$4,300.

## DEATH CLAIMS FATHER OF GUS HOLSTEIN IN TOLEDO; BURIAL HERE

Morris Holstine, 74, father of Gus Holstine, proprietor of the Leader store, died in Toledo, Ohio, according to information which has reached the family here. For more than a year deceased has been in ill health.

The widow and a daughter, Miss Carrie Holstine, reside at 210 S. Pierce-st. Another daughter, Mrs. Hannah Levy, is a resident of Dayton.

It is expected the body will be accompanied to Lima for funeral services and burial.

## METHODIST CHURCH PLANS DIVORCE CURB

HOT SPRINGS, Ark. — The committee on temperance and special service of the Methodist Episcopal church, South, announced completion today of a report condemning what is regarded as an "abnormal and unwarranted increase in the amount of divorce" and specifying among other things that before officiating at a wedding where one of the parties is divorced the minister shall obtain a written statement as to the reason for the decree.

The church, it was stated, will continue to recognize only one ground for divorce—unfaithfulness on the part of either husband or wife—and no minister may perform the ceremony where either of the contracting parties has been divorced for any other cause.

## DRUNKENNESS CHARGED

Frank "Swift" Leonard, 50, of 318 N. Baxter-st., was fined \$15 in criminal court Tuesday for drunkenness. John Shaski, Murphy-st., was booked on the same charge, he had not been arraigned up to noon.

## GIRL IS FOUND

Glady Pauline Tindall, 14, daughter of Noah Tindall, Van Wert, for whom Lima police conducted a search after she disappeared while visiting in Ohio City, has been located in a western Ohio city, it was announced Tuesday.

## LIGHT SAVING IS APPROVED

Kiwanis Favors Proposal Here—City Planning Explained

Daylight saving by adoption of Eastern time as a permanent time as proposed by the city commission was given the approval of the Lima Kiwanis club at its luncheon at the Argonne Tuesday. The plan was explained briefly by Al. Caljacob, president, and Mayor Harold Cunningham.

City planning was discussed in an interesting manner by J. Kennard Johnson, mayor of the Chamber of Commerce. W. L. Parmenter, chairman of the city planning commission, was to have talked on the subject but was called out of the city.

Johnson told of the advantages of the plan which accrue to all classes. There are no disadvantages, he said. The plan will be discussed at an open meeting on June 2, by Robert B. Whitten, Cleveland expert. He will endeavor to answer all questions asked by Lima citizens, it was announced.

The city commission and Manager Bingham were guests of the club. The manager spoke briefly in favor of the planning system for Lima.

Frank Pringle, chairman of the kite contest committee, made his final report on the big event. In his remarks he praised the support given the undertaking by The Lima News and said the success was due in large measure to the cooperation given by this newspaper.

Dr. A. C. Adams, chairman of the committee arranging for a meeting at which boy graduates of the city's high schools, public and vocational, will be guests, announced plans for the meeting. Dr. C. L. Bonfield, prominent Cincinnati medical man, will speak on the subject, "The Melting Pot." The meeting will be held at the Elks home at 11:45 a. m., June 6.

## HELD PRISONER AT MINERS' CAMP

Witness Tells of Experiences at Treason Trial

CHARLESTOWN, W. Va.—(United Press)—Albert Gore, 22, son of John Gore, killed in the battle of Blair Mountain, told the jury in the Bill Blizzard treason trial today, of his experience in being six days a prisoner in the miners' camp.

Gore was held in an improvised prison at Jeffery, at the time his father was killed and not allowed to attend the burial services, he said.

His captors, "tantalized," him, Gore declared, telling him that his people were being murdered. He was taken prisoner as he was making his way back home, by armed miner outposts who said:

"You're a Logan thug. You are a spy. We'll take you with us. The aviators who dropped gas and explosive bombs on the miners army at Blair Mountain, were employed by the Logan-co Coal Operators association, Horace Haines, Columbus, Ohio, aviator, today testified.

Haines declared he dropped several bombs loaded with slugs while acting as observer and bomber for the state forces. He dropped the bombs after his machine had been fired on by miners, he said.

Haines said he was sent to Logan-co by the Johnson Airplane company of Dayton, Ohio.

"I received a salary of \$400 from the Logan-co Coal Operators association for three days' work," Haines said on cross-examination.

## MELTING POT A FAILURE. RUSSIAN WILL TELL WHY BEFORE LUNCHEON CLUBS

A frank talk on the "Melting Pot" and how it has failed, will be given by Zalman Kalmanovitz at the Elks home May 23 at 11:45 a. m.

He will speak under the auspices of the chamber of commerce and the luncheon clubs of the city and will present facts regarding immigration and the unassimilated foreigners which have never before been common knowledge.

Kalmanovitz was a Russian emigrant and understands perfectly the cause of the conditions in that country today. In America he was associated with Emma Goldman, Big Bill Hayward and Dr. Benny Ritten.

"Knowing the truth" is the only way to obtain a proper understanding of the foreign worker problem and to finally settle it, the committee in charge of this meeting, believes.

An invitation to all Lima citizens is being extended. Reservations for places at the luncheon tables may be made at the chamber of commerce office.

## POLICE FAIL TO FIND LEE FAUROT'S AUTO

Police failed Tuesday in the search for a Chevrolet touring car owned by Lee C. Faurot, 410 Opera House block, stolen from in front of the Quilna theater, W. Market-st., Monday night. Delphos, Findlay, Wapakoneta and other nearby cities were notified.

## LAD SOON FOUND

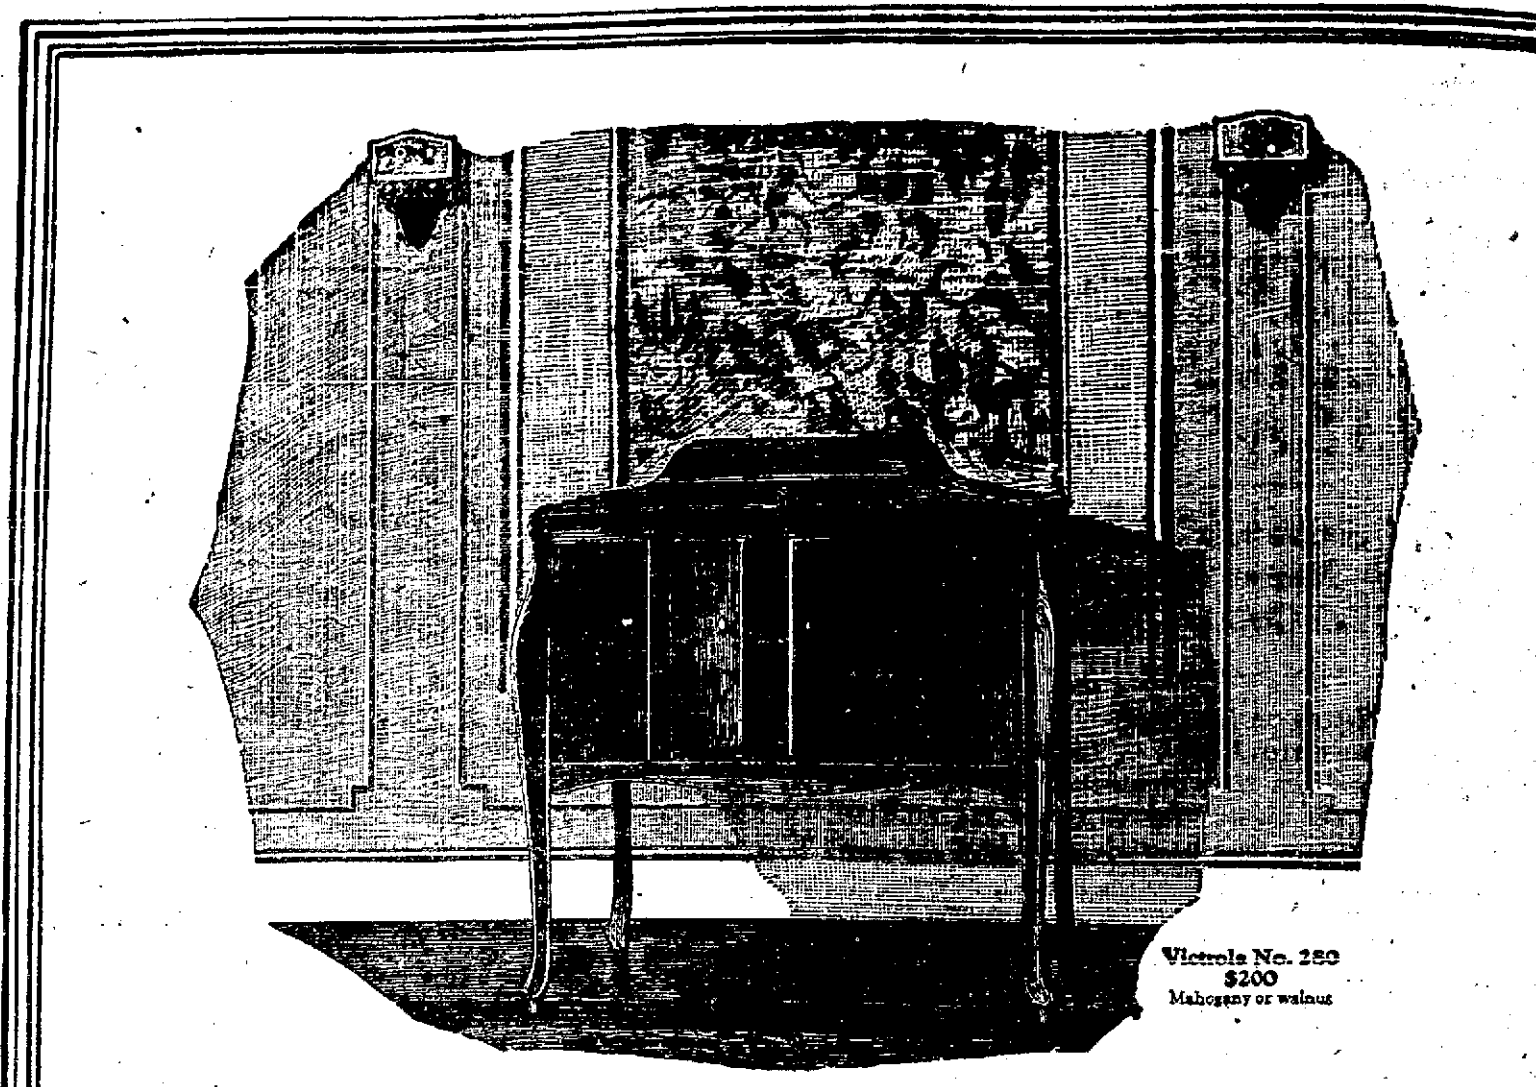

A 15-year old son of Mrs. A. D. Turner, 124 Circular-st. reported missing Monday, was found late in the afternoon at the home of a neighbor.

## KERR ORSEQUESTS

Funeral services for Roy Kerr, automobile inspector at the Dodge Motor Car Co. plant, who died in New Mexico, will be held Thursday at 2 p. m. at Grace M. E. church. Rev. D. N. Kelly, pastor will officiate. Interment in Woodlawn.

## WALTHER FUNERAL

Funeral services for Frederick Walther, 447 N. Main-st., who died Monday, of pneumonia, will be held Wednesday at 2 p. m. at the First Reformed church. Rev. T. W. Hoernemann, pastor, will officiate. Interment in Woodlawn.

## ALL FARM PRODUCTS ON DUTIABLE LIST

WASHINGTON — All products of the farm are on the dutiable list in the McCumber-Fordney tariff bill, Senator Gooding, of Iowa, chairman of the Republican agricultural tariff bloc announced today in the senate.

"If any farm product is on the free list, I do not know what it is," he said. "If we find it we will put it on the dutiable list if it needs protection."

Senator Gooding said the average rate of duty in the bill on farm products was 21 3-10 per cent and called attention that only a few things produced by the farmer were on the dutiable list in the Underwood law.

## RECEIVER ASKED FOR \$20,000 CORPORATION

TOLEDO — Petition for a receiver for the Toledo Tap and Die Company, a \$200,000 corporation, was filed in common pleas court here yesterday, by the Home Savings Bank and Trust Company. Foreclosure of the equity of Robert L. Ellery, president and sale of the property is asked. A Chicago firm recently obtained a judgment of \$14,800 against the company and other creditors are threatening court action, it is alleged in the petition. The Toledo Banking concern asks judgment of \$15,000.

## FALSE ALARM CALLS FIREMEN TO TREASURY

WASHINGTON — A false alarm about midday today called three companies of fire apparatus to the United States treasury but investigation showed no trace of fire.

Great excitement prevailed as the fire apparatus rushed to the building that shelters the nation's reserve supply of gold and silver and millions upon millions in securities and on the roof of which fire has twice broken out within recent months. Explanation was made that an employee in the architect's office directed under the roof which is being raised to accommodate another story pushed a button by mistake.

## WANT STREET PAVED

Petition to improve Second-st. from Carlisle-ave. to Sugar-st. by means of paving, was received by the city commission Monday night. The city collector was authorized to prepare the necessary legislation.

## WATER FROM RAILROAD RIGHT OF WAY REPORTED DAMAGING COUNTY ROAD

Investigation of the Pennsylvania right of way west of Scotts Crossing was made Tuesday afternoon by members of the Allen-co board of commissioners and Surveyor Walter R. Toy.

Complaints have been made that water on the right of way is damaging the tracks, by overflowing the ditches.

Farmers using the road allege they are compelled to haul several miles out of their way to get around the flooded portion.

Should commissioners find the situation as represented, they say they will order the railroad company to remedy the matter by digging new ditches.

## TOLEDO WOMEN BEATEN, ROBBED BY TWO MEN

TOLEDO—Two men attacked and robbed Mrs. Louise Sells, wife of a tailor, in the back yard of her home here shortly before noon today, their loot consisting of \$14 in money and a valise valued at \$50.

Mrs. Sells was handled roughly by the men who pulled her hair, threatened to kill her if she called for help and tore her dress partly from her body. She was knocked down in her struggle with the robbers who fled without having obtained several valuable rings she wore. Calls for help brought neighbors who called police. Two suspects were taken into custody.

## U. S. WILL REFUSE

WASHINGTON—Indications were given at the White House today that the United States would not accept the invitation extended by Great Britain for representation on a commission to investigate atrocities by the Turks on the Christian minorities in Asia Minor as reported by the American relief administration.

## WANT STREET PAVED

Petition to improve Second-st. from Carlisle-ave. to Sugar-st. by means of paving, was received by the city commission Monday night. The city collector was authorized to prepare the necessary legislation.

## WORLD-WIDE CHURCH CAMPAIGN LAUNCHED

CLEVELAND. — A world-wide campaign to make the United States a party to the international court of justice as the next step to world peace will open this week.

Members of the World Alliance, for International Friendship through the churches in convention here today said it was the "next logical move," now that the "disarmament conference has proved successful."

George W. Wickersham, of New York, former attorney general of the United States, who will speak tonight, indicated that he would urge this action.

It is probable members said that President Harding will be petitioned to lay before the senate the agreement necessary to the adoption by this country of the international court of justice as a tribunal to which it will submit all disputes between nations.

## MEN REBUILT BY ORGANIZATION

Rehabilitation Reported On At St. Louis Conference

DISABLED TRAINED TO FILL RESPONSIBLE POSITIONS

How hundreds of disabled persons in Pennsylvania have been trained for new places in industry, in some cases more congenial, remunerative and with better future prospects than those that they occupied before they were injured, was told here today at the National Conference on Vocational Rehabilitation of Persons Disabled in Industry or otherwise, held at the Pennsylvania Department of Labor and Industry. Today a former shipyard worker holds a responsible position with a commercial organization and a former mine worker is established as an insurance salesman. Mr. Riddle reported. The speaker characterized rehabilitation as "human engineering," the salvage and utilization of what might otherwise be human waste products of industrial activity.

**CASES CITED**  
A charge of powder being tamped in a hole in a clay mine in central Pennsylvania in July, 1917," said Mr. Riddle, "exploded and not only destroyed the sight of Thomas H. Miller, a sturdy American, twenty-seven years of age, but changed his whole future. Miller had quit high school when seventeen years of age, gone to work as a railroad fireman and later entered the mines. Today he is a licensed insurance salesman, established in a city in central Pennsylvania.  
A heavy bolt falling from the superstructure of a merchant ship in course of construction on the ways of a Pennsylvania shipyard not only fractured the skull of Mill Churovich, twenty-nine years of age, a naturalized American, Montenegrin born, but after three years, was a direct result of Mill Churovich's holding a responsible position which is an avenue to greater work in which his knowledge of a number of European languages in addition to English will be a great asset."

### ARNOLD AND LAYCOCK TRIALS ON THURSDAY

Cases of Harley Arnold and Cad Laycock, local men charged with possession of intoxicating liquor and assault, resulting from a fracas at the Hotel Barr three weeks ago, were continued in criminal court until Thursday.  
The case against Rudyard Whipple, in whose room Arnold, Laycock and a woman are said to have assembled, has been dismissed. He turned state's evidence, according to police, admitting that Laycock sold him whiskey.  
Whipple is a Columbus salesman. The numerous postponements in the cases were due to impossibility of his being present here except on Tuesdays and Thursdays.

### ELIDA SEEKS TRANSFER OF FUNDS FOR SEWERS

Elida village council wants to dig new sewer thru the hamlet, but is shy of the cash.  
The sewer must be provided because the Lima-Elida section of the Harding Highway is to be continued thru town.  
This dilemma has resulted in filing of a petition in common pleas court asking permission to transfer \$500 from the light fund to the sewer fund.

### MARRIAGE LICENSE

Wither Cletus Peppie, 31, 1101 E. Fourth, clerk and Margaret Anna Helene Miller, 20, 912 W. Wayne-st.  
**DID HIM MORE GOOD**  
Many men and women suffer from backache, rheumatic pains, stiff joints, sore muscles and other results of kidney trouble because they neglected the first warning symptoms. Foley Kidney Pills aid the kidneys to throw out poisonous waste matter that causes pain and misery. Stephen Lewis, Eldridge, Ky., writes: "Foley Kidney Pills did me more good than all the other medicine I ever took. I had kidney trouble ten years. I don't have any pain like I had before I took them." Chas. J. Vorkamp, Main and McKibben-sts.  
—Adv.

### YOUNG MOTHER NOW STRONG

Her Mother's Faith in Lydia E. Pinkham's Vegetable Compound Led Her To Try It

Kenosha, Wisconsin.—"I cannot say enough in praise of Lydia E. Pinkham's Vegetable Compound. My mother had great faith in it as she had taken so much of it and when I had trouble after my baby was born she gave it to me. It helped me so much more than anything else had done that I advise all women to give it a fair trial and I am sure they will find as I do about it.—Mrs. FRED. P. HANSEN, 562 Symonds St., Kenosha, Wisconsin.  
A medicine that has been in use nearly fifty years and that receives the praise and commendation of mothers and grandmothers is worth your consideration.  
If you are suffering from troubles that sometimes follow child-birth bear in mind that Lydia E. Pinkham's Vegetable Compound is a woman's medicine. It is especially adapted to correct such troubles.  
The letters we publish ought to convince you ask some of your women friends or neighbors—they know its worth. You will, too, if you give it a trial."

**DIVORCE HELD ILLEGAL**  
SOFIA, Bulgaria—The divorce of former United States Senator Hollis granted recently by the pastor of the

Unitarian church at Dubnitz, has been declared illegal by the Bulgarian government and the church closed by the police.

## STEEL MEN MEET TO PLAN MERGER

Six Independent Companies to be Consolidated

U. S. PROBE NOT FEARED

Intention to Effect Monopoly Denied by Counsel

NEW YORK—(Associated Press)—Government intervention into the proposed steel mergers has caused no outward change in the plans of the interests involved, which have continued their plans for consolidation. Directors of the Bethlehem Steel Corporation and the Lackawanna Steel Company were called into separate sessions to confirm the purchase of Lackawanna by Bethlehem, which will be arranged by a stock transaction, details of which were to be arranged probably late today. Except for a brief statement by President Eugene G. Grace of Bethlehem, when the merger was announced that it involved no violation of the Sherman or Clayton acts, interested persons have said that, together with the proposed merger of six independent steel companies was the result of a secret understanding with the United States Steel Corporation. Thomas L. Chadbourne, counsel for the six independent companies, has issued a statement denying that the six companies merger was intended to effect a monopoly or that it had any agreement with the United States Steel Corporation.

The only motive behind the combine, he explained, was a desire to lower the costs of production, thereby increasing competition. Presidents and chairmen of the six independent companies conferred today with representatives of Kuhn, Loeb and Company, bankers, to work out a plan of financing the combination. This will be accomplished by an exchange of cash and securities and the reorganization of one of the larger companies or the formation of a new one. The companies involved are the Brier Hill Steel Company, Inland Steel Company, Steel and Tube Company of America, Youngstown Sheet and Tube Company, Republic Iron and Steel Company and the Midvale Steel and Ordnance Company.

## Increases the action of the intestines

Hundreds of men and women have already found freedom from laxatives by eating Fleischmann's fresh yeast.

Doctors are now agreed that proper elimination of waste matter should be brought about by food. One doctor comes right out and states plainly that the indiscriminate use of cathartics is one of the causes of constipation.

Physicians all over the country are recommending Fleischmann's fresh yeast because it is a fresh food, rich in those elements which keep the intestines healthy. In one series of tests cases, normal functions were restored in from 3 days to 5 weeks.

Try it out for yourself. Begin today by adding 2 or 3 loaves of Fleischmann's Yeast to your everyday diet. Keep it up and see how normally and regularly your intestines act. Be sure it's Fleischmann's Yeast—the familiar tin-foil package with the yellow label. Place a standing order with your grocer.

## FUNERAL WEDNESDAY FOR WATKINS JONES, GOMER MAN WHO HANGS SELF IN SHED

Funeral services will be held Wednesday at 1:30 at the residence for Watkins Jones, 34, who ended his life by hanging himself in a woodshed on his farm, one-half mile west of Gomer. Rev. M. S. Pettie, pastor of the Presbyterian church in Gomer, will officiate. Interment will be in Gomer cemetery.

Worry over low prices of farm crops and inability, he feared, to make him 160-acre farm pay the coming year, is believed to have caused the act.

Jones was found by his son, Howard, 11. Surviving are his widow, formerly Miss Lula Logan, Vaughnsville; six children, ranging in age from 13 years to three months; three brothers and five sisters. They are: Roger Jones, residing on the same farm with the deceased; Thomas Jones, near Vaughnsville; J. C. Jones and Mrs. Benton Miller, residing near West Cairo; Mrs. Martha Watkins and Mrs. Carl Cleveland, both of Lima; Mrs. Edward Flake, Delphos and Miss Minnie Jones, Gomer.

STRAWBERRIES AT DORSEY'S.

## GIRL FINDS REFUGE IN SALVATION ARMY HOME

CINCINNATI — Irene Menges, 26, Bucyrus girl, who was imprisoned for two years in a small smoke house upon the farm of her father, is to find final refuge in a Salvation Army home in Cincinnati, according to an announcement of Captain F. W. Wilkinson, field and organization officer of the army today.

Wilkinson returned to Cincinnati today from Bucyrus where he said he made a personal investigation into conditions of the girl and stated he does not believe she is insane.

FACES FORGERY CHARGE  
TOLEDO — Detective Sergeant John Finlison, of the Los Angeles, Calif., police department, left Toledo today with A. B. Vincent who is being returned to Los Angeles to answer to the charge of forgery. Vincent who was arrested here several days ago is alleged to have forged checks amounting to \$1,200. Governor Davis yesterday forwarded requisition for the return of Vincent.

## URGES HOMES FOR ALL CHILDREN

Would Use Children's Home As  
Corrective Institution

SUGGESTION BY SPEAKER

Child Welfare Body Starts Play-  
ground Move

Rearing of normal children now in the Allen Co. Children's home, in boarder homes which ought to be provided and converted the institution into a place where children who have committed minor offenses may be placed for observation, was urged by C. V. Williams, Chicago, head of the Illinois Children's Home and Aid society, at an address before the Allen Co. Child Welfare association, Monday night.

It was the occasion of the annual meeting and dinner, held at the Barr hotel, attended by more than 100 persons interested in the conservation and uplift of child life. Williams, who addressed the society on two previous occasions, made a plea that probate judges be given wider jurisdiction and instead of placing children in institutions, they should be confined at a place in their own county, where they could be observed and habits corrected.

SEEDS OF EVIL SOWN Williams declared that in many cases a child released from a state institution had the seeds of evil sown within him to a greater extent than at the time the youngster was committed and he said that was no reflection upon state institutions, either.

He begged for county probation officers plenty who could mould the life and elevate the home environment of paroled boys and girls who could be made better upon their arrival home, instead of going further into the depths of sin.

"It is crime, — a crime upon the name of society and humanity to separate children, who thru some crook of fate, have been left without one parent or the other. Place them in boarding homes, such as our own Child Welfare association is doing, give them the benefits of home life and make the surviving parent feel responsible for them."

Children need that touch of love, that sympathy, that guidance and discipline in the home to start them out right for the duties of life. No institution no matter how good it is can substitute for home life. "If I were a county commissioner I would see to it that such an association as your Child Welfare body is given many a dollar, because it means that in the end the children will be self-supporting and go out in the world to become something of importance, instead of becoming a burden upon the state," Williams said.

TIME WORKS CHANGES Williams declared that twenty years ago, following an address he had made in a western city, a woman, then the wife of a prosperous merchant, declared, "I wouldn't have any of those youngsters in my home to be bothered with."

## HURLEY IS AGAIN SEEN HERE

Escaped Prisoner From Work-  
house Evades Police

Frank Hurley, colored, sentenced March 30 in criminal court to six months in the Toledo workhouse for wife-beating and who escaped after three days, was seen at 4 a. m. Tuesday by employees at the L. E. & W. oilhouse, near the Locomotive Works, police were told.

Patrolmen Laughlin and Swaney spent an hour searching for the fugitive, but were unsuccessful. Russell Jackson said he saw Hurley in the boiler room and that he left ten minutes before police arrived.

Ramifications of the case have been taken up by Judge Emmett J. Jackson with Robert Jenkins, an attorney in Eatonton, Ga., who represents Hurley in a suit to recover \$400 from his common law wife.

When arrested Hurley had \$500. Jackson stipulated that if he would pay \$400 to his wife and stand good for a \$100 fine imposed, he would parole Hurley after he served "some time" at Toledo.

Hurley had a Ford car which he offered the judge in exchange for his freedom. Later, an attorney came before Jackson and asked his assistance in collecting a fee. He said Hurley gave him a bill of sale on the Ford for getting him out, and pleaded with the judge to release the man.

He was unsuccessful. The lawyer sold the Ford for \$100, keeping \$50 and giving \$50 to Hurley. Hurley then went to Toledo and three days later was free, minus his \$500, his flivver and sought as a fugitive from justice.

According to police Hurley went to Eatonton and started action against his wife to recover the \$400. She went there soon after he was sentenced. That was the last heard of him until the report of his popping up in Lima early Tuesday.

PATIENT RECOVERS Miss Mary Hart, 434 W. McKibben-st., a sufferer from rheumatism, who has been a patient at St. Rita's hospital, for the past ten days, has recovered almost completely and has returned to her home.

JUDGMENT ON NOTE Judgment amounting to \$283 was awarded J. L. Houk in common pleas court, in a suit against D. F. Sunderland, to collect on a note alleged to be due him.

PIONEER LIMA OIL MAN DIES AT LAKEWORTH, FLA.

Word has been received here of the death of William W. Hawkins, 80, pioneer oil man, in Lakeworth hospital, Lakeworth, Fla., from pneumonia.

He first entered the oil business as a gauger. He came to Lima the first day of the oil excitement here and remained with the Buckeye Pipe Line company until eight years ago, when he located in Lakeworth. While in Lima the family resided at 340 W. Wayne-st.

The widow and two sons, Charles, of Newark, Ohio, and Harry of Mexico City, survive.

## OSCAR JUDD, FORMER LIMA MAN, DIES IN WASHINGTON

Mrs. A. J. Wheelbarger, 406 S. Metcalf-st., left Monday evening for Washington, D. C., called there by the death of her uncle, Oscar Judd, 65, formerly of Ada.

Judd died suddenly. For 25 years he had been employed in the United States treasury building at Washington, by the government. While absent from Ada for 35 years, he always returned to that place to vote.

He is survived by six children, a daughter being the only one at home. Other children are married and reside in various parts of the country. His wife died 10 years ago. Funeral services and burial will be in Washington.

## HEAVY BUYING IN FALL FORECAST

Scarcity of Goods Will be Discussed, Forbes Says

### NEW DEVELOPMENTS CITED

Steel Merger, Sterling Rise Declared Important

(BY B. C. FORBES)

NEW YORK — (Special) — Were I asked to name the two most significant developments of the last week, I would reply: Bethlehem Steel Corporation's acquisition of the Lackawanna Steel Company; and, the rise in Sterling to \$4.45.

The one, I believe, throws light on what is likely to happen in the near future at home, while the other reflects that, irrespective of bickering and quarrels at Genoa, the international outlook is steadily moving towards great stability.

What I look for is this: The mild improvement which has been taking place, very irregularly for business as a whole, will continue. After a moderately satisfactory summer, activity will become more pronounced in the fall, and gain further momentum.

Then two developments are likely to be witnessed.

First, a scarcity of goods will be discovered in quite a few lines. This will cause more or less excitement among buyers, and a stampede for supplies will occur. The effect of this will be felt in many other directions. Timid buying only for immediate requirements such as has been the fashion during last year and this, will give place to considerable ordering for future requirements.

The optimism thus stimulated will probably be fanned by mergers and perhaps still more by talk of brewing mergers. In this case, the security markets will be greatly stirred, and we may see rather wild speculation on the stock exchanges.

Schwab's bold stroke, in acquiring one of the leading independent companies in the country, is definite evidence of what one has been able to sense for some time, namely, that there are powerful interests in America who have wonderful vision of the expansion, the progress, and the prosperity lying ahead. I constantly encounter men of large affairs who believe that this country is about to enter a more remarkable period of growth than it has ever enjoyed before. This growth, they reason, is to be helped and accompanied by a great many important considerations in industry, in transportation, in mining, in banking, etc. This will result, these men claim, in great economies and in vastly strengthening America's ability to compete in world markets. There is hardly a single important sphere, it is said, in which there will not be elimination of weak interests and the creation of big, strong combinations.

Views differ sharply as to what may happen to prices within the next six or nine months. Some feel certain that we will experience a renewed outburst of inflation. They point to the fact that our reserve banks, for the first time in their history, now carry more than \$3,000,000,000 gold, equal to 40 per cent of the world's total stock and an increase of 100 per cent, since 1917. They point out also, to falling rates for money, to the extreme ease with which new securities can be floated, and to the greater degree of cooperation brought about among sellers as a result of what happened during the war.

While realizing that this is entirely possible, I hardly think that those in control of our leading enterprises in various lines will court the disaster which overweening greed would inevitably bring about. Bankers will doubtless exercise a restraining influence upon the executives of companies they are identified with, for our bankers have not yet recovered from the aftermath of the wartime inflationary orgy.

Moderate advances would do no harm in numbers of industries, particularly in those where the raw materials have long been selling below cost of production. In addition to quickening the demand, reasonable advances would eliminate all need for any further wage reductions and would permit of some increases where the wage level has been brought uncomfortably low.

Of course, those so inclined can take an entirely different view of the whole outlook and can adduce plenty of reasons for their pessimism. Especially can they emphasize the dangers lurking in the European situation. Then, too, they dwell upon the proposed bonus legislation, upon the Hodge-Podge tariff bill, upon the wars and threats of wars in China, in India, in Ireland and in Eastern Europe, upon German uncertainties, upon Anglo-French tension, upon the chaos in Russia, etc., etc., etc.

In my opinion, however, foreign clouds will decrease rather than increase. The establishment of friendly relations with Mexico is calculated to offset a good many farther-off influences. And our administration is becoming aware of the urgent need for doing nothing to alienate confidence.

While business and securities move in the right direction, it is wonderful how many unfavorable happenings can be withstood without a quiver.

(Copyright, 1922)

W. J. SHIVELY DEAD  
COLUMBUS — William J. Shively, 65, former member of the state industrial commission during Governor Cox's administration, died yesterday at Quaker City where he conducted a general store, according to word received here. He was a native of Summerton. His widow, three sons and three daughters survive him.

Fresh tender Chuck Steak, 1b 15c, at Quaker City, 135 E. High.

## PROMINENT COMPOSER DIES IN CALIFORNIA

OAKLAND, Calif.—Harry H. Williams, widely known as a composer and motion picture director, is dead at the home of his mother here after a brief illness. Williams was credited with composing "In the Shade of the Old Apple Tree," "I'm Afraid to Go Home in the Dark," and other popular songs.

## "Y" CAMPAIGN TO START TONIGHT

Move for \$20,000 Fund to be Launched at Dinner

A \$20,000 fund for the current expenses of the Lima Y. M. C. A. is the objective of a two-day campaign which will be launched at a dinner at the "Y" Tuesday night at 6:15. All workers are to be present to receive their assignments and final instructions as to the best ways of "selling" the "Y" to business men.

Five teams with a total of 125 members have been organized to put over the campaign. Captains are Frank Thomas, Oscar Young, Warren McLaughlin, W. S. Feely and H. E. Simonton. George Bayly is the general chairman.

Tom Pearman, newly elected secretary of the "Y," will be present and talk to the workers. John Dorst, secretary of the Springfield "Y," and Robert Bancroft, Springfield business man, will tell how they raised \$30,000 in three days.

R. J. Plate, president and L. A. Larson, chairman of the finance committee, will explain the plan to be followed by the workers and tell of the needs of the organization.

Names of 1,400 persons have been placed on cards. These are persons who are known to be interested in Y. M. C. A. work and who are able to aid by a money contribution. L. C. Bradshaw, secretary, said:

Each man on the teams will be permitted to choose the cards bearing the names of the persons whom he knows or it will be easy for him to see. It is expected to clean up the campaign in two days.

Each card will bear a pledge covering the year beginning May 1, 1923. Reports on the pledges received will be made each noon. The first luncheon will be held Wednesday noon.

Three-fourths of the expenses of the "Y" are met by the fees and charges paid by members. The balance must be met in other ways as fees would be too high if the "Y" was made self supporting, Bradshaw says.

## LUNCHEON CLUBS START WELFARE FUND CLEANUP

Final cleanup campaign to aid the Social Service bureau is now in progress. Members of the Rotary club are working and Kiwanians are expected to get started Tuesday.

Each luncheon club has been given the names of a number of well-to-do persons and personal solicitation is being made. About \$10,000 is needed to clean up all debts and carry the work into the early fall.

With the Rotarians at work, the Kiwanians getting started Tuesday and the Lions begin their campaign Wednesday, it is believed that the money needed will be raised in a very short time.

"We must have the money for this very necessary work. If we do not give it now we will have to do so later because money must be provided or the work stopped. To stop the work would cause hardships and cannot be thought of," J. W. Beall, chairman of the committee, said Tuesday.

## JURY HEARS DAMAGE SUIT AGAINST BAKER

Trial of a damage action for \$900 brought by the Mayflower Mills, Fort Wayne, Indiana, against Jacob F. Renz, N. Main-st. banker, commenced before a jury in common pleas court Tuesday.

Renz filed a counter claim for \$1,000, the merits of which will be determined. A jury selected from the new panel of 24 called Friday is hearing the case.

The mill company charges that it lost \$900 when Renz rejected a car load of flour shipped to him. Renz will endeavor to prove that the flour was inferior and below the quality required by his trade.

## VAUGHN MAKES CHANGE

C. Q. Vaughn, for a number of years Lima district manager for The United States Rubber Co., has resigned to take the salesmanship of the Ajax Rubber Co. 300 West Market-st. Glenn Vermillion, formerly with Akron tire manufacturers, has charge of the Ajax service and vulcanizing department.

## FROM THE CONVENT OF THE SACRED HEART

Sister Superior Endorses Merit of Father John's Medicine For Children

Writing from the Sacred Heart Convent at Newport, Vt., the Sister Superior in charge says: "We have here a large boarding school and as soon as we see a child without appetite or not feeling well we have him take Father John's medicine. I think it is the best remedy for children." (Signed) Sister Mary Alexandrine, Superior Sacred Heart Convent.

Over 100 other institutions use and endorse Father John's Medicine, having proved its value for colds and body building over a long period of years. Safe to use because it contains no harmful ingredients.

We deliver anywhere in our moving van.

Remember we compete with the catalogue man.

The Hoover-Bond FURNITURE CO. Lima, Ohio

## WAR IS STARTED ON SIGNS

Many Violations of Law Reported by Bingham

### EASTERN TIME IS ADOPTED

City to Go On New Schedule Saturday, May 27

Wholesale violation of the city electric sign ordinance was reported to the city commission at its meeting Monday night by C. A. Bingham, city manager.

Under the present ordinance no electric sign extending more than three feet from a building is permitted. This, Bingham admits, is less than it should be and that the right distance is six feet, he says. Cleveland has adopted the six foot rule.

A number of signs have been erected through the city which are not only more than three feet from the building, but are more than six feet in width. Many of these have been erected during the past few months. It is claimed.

Many of the firms erecting them have failed to secure permits from the city to put up a sign, as is required by law, Bingham said. In several cases permits have been obtained and then the law violated. Harry N. Osgood, city clerk, believes.

One business firm recently contemplated the erection of a sign which would extend 11 feet over the sidewalk. It was only by threats of arrest and a notification that the police would prevent its erection that work was stopped.

A representative of the Company erecting the sign appeared before the commission Monday night and asserted that more than 20 signs in the city are in disregard of the law. He claimed this fact should give him a right to erect the 11 foot sign.

Members of the commission thought differently and upheld the action of Manager Bingham. By a unanimous vote Bingham was given power to act as he thought best in the matter.

Members of the citizens' zoning committee, recently appointed to aid the commission in the preparation of a zoning ordinance, were made an official advisory body by a vote of the commission after such action was recommended by Bingham.

It is planned to speed up the zoning ordinance as much as possible because of the encroachment of stores and factories on purely residential districts. Complaints are constantly being received from home owners regarding the building of stores. Bingham said.

An amendment to the firecracker ordinance, originally passed in 1875, was adopted by the commission Monday night. The amendment makes it lawful to sell fire works for 48 hours prior to July 4.

A fund for the construction of sidewalks where the property owners have disregarded the notices sent out by the city was set up by the city commission Monday night. An ordinance setting aside \$5,000 will be presented at the next meeting of the commission.

## ADOPT EASTERN TIME

Members of the commission ordered the city solicitor to prepare the necessary legislation to set all clocks in the city an hour faster May 27. This is to be for all year and is a virtual adoption of Eastern time.

Members of the Manufacturers' association are planning to petition the Interstate Commerce commission to make the B. and O. railroad the eastern time line. All cities along the road are now under either eastern time or daylight saving time.

If this is done, the railroads will be under the same time as the city and the east and west trains will change time here. Such action would eliminate some of the disadvantages of daylight saving time, it is said.

## MRS. ISABELLE HAINES, BEAVERDAM OCTOGONARIAN, DIES AT DAUGHTER'S HOME

Mrs. Isabelle Haines, 80, died at the home of her daughter, Mrs. P. V. Bowers, in Beaverdam, Monday at 8:30 p. m. Death following complications arising from age.

Besides the daughter, at whose home she died, Mrs. Haines is survived by two other daughters, Mrs. Carrie Cribble, Beaverdam, and Mrs. Laura Ferguson, Upper Sandusky.

Mrs. Van Buskirk, West Cairo, is a surviving sister; Hugh Baker, Columbus Grove; Wesley Baker, Bismarck, N. D.; Zeff Baker, Toledo, and John Baber, Muncie, Ind., brothers.

Funeral services will be held Wednesday at 10:30 a. m. at the Disciple church, Beaverdam. Interment in east side cemetery, near West Cairo.

## CRAYCROFT, DEFENDANT IN DIVORCE SUIT, FACES CHARGE MADE BY GIRL

A. C. Craycroft, 410 Albert-st., engineer, arrested on a charge preferred by Anna Haber, said to reside at 723 N. Jackson-st., was arraigned before Justice of the Peace William H. Gayton, Tuesday. He was released on \$300 cash bond, to appear for trial Saturday, May 20.

Craycroft is also alleged to be in domestic difficulties. Jessie L. Craycroft, his wife, instituted divorce proceedings in common pleas court. She was granted the sum of \$75 for attorney's fees and temporary alimony of \$5 a week.

## GORED BY BULL

MARYSVILLE—Paul Tallman, York-up farmer, was seriously injured by a bull which gored and tossed him into the air several times.

## PLAN PILGRIMAGE TO MOOSEHEART

500 Members of Moose Lodge to Make Trip May 28

### SPECIAL TRAIN TO BE RUN

Thirty Candidates to be Initiated Thursday

More than 500 members of the Loyal Order of Moose to Lima and surrounding cities are to make the pilgrimage to Mooseheart by special train May 28, Harry Walters, secretary announced Tuesday.

The special will leave Lima Sunday morning at 4:30 a. m. and reach Chicago at 3:15 a. m. No stops will be made enroute.

From Chicago the journey to Mooseheart, some 35 miles west, will be continued, arriving at 11:15 a. m. central time.

### GREETED BY BAND

Two meals which will be included in the price of the ticket, will be served at Mooseheart.

The visitors will be greeted at the home by a big band and after a ten minute address of welcome from the superintendent will be escorted over the grounds by guides.

An opportunity to see the six Lima children living at Mooseheart will be afforded.

Findlay Moose will send a delegation of 150, Kenton will send 50 and Wapakoneta and Bellefontaine lodges will be well represented.

The principal object of the pilgrimage is to afford Moose in north-

western Ohio an opportunity to visit the home and see the work accomplished.

### INITIATE THURSDAY

Thirty new members will be initiated into the Lima Moose Lodge No. 199 at the regular monthly meeting Thursday night, Harry Walters, secretary, announced.

Refreshments will be served following the lodge work and there will be special entertainment features. W. C. Hovey, chairman of the entertainment committee announced.

## CITY CAR TAGGED; EVANS SHIFTS ASSESSMENT ONTO WATER WORKS SECTION

"Who Pays," or the "Vicissitudes of the City Car," is the title of the latest traffic court drama.

It was a case of robbing Peter to pay Paul Tuesday when Judge Emmet J. Jackson assessed a fine of \$5 against the city water works department for letting a flivver stand out in the dark without lights.

Charles Evans, superintendent, found the sticker on the machine, which he had parked in front of his home, 540 Hall-st. He said the Ford has had light trouble and he provided a lantern, but the pesky thing went out. Evans didn't feel he should stand the fine, so he rustled around to hang it on to the water works department, which in turn will probably hang it on to the city commission.

Only two others heard the dire "55 please," fall from the lips of the judge Tuesday. They are E. J. Curtis, 740 W. Market-st, parking on the wrong side of the street, and Floyd Jones, 518 Ohio-st, parking without tail light.

## COUSIN OF LINCOLN DIES

READING, Pa.—Alfred G. Lincoln, Exeter farmer, and third cousin of President Lincoln, died here at the age of 88.

## SEED POTATOES AT DORSEY'S.

## PICK OFFENHAUER TO HEAD WORK

Annual Meeting of Religious Council Held at Y. M. C. A.

R. E. Offenbauer, principal Central High school, was elected president of the Lima Council of Religious Education, at the annual meeting held Monday evening in Y. M. C. A.

Roy Schultz was named as secretary; Mrs. F. W. Engle, Rev. Burkhardt, directors for three years; Miss Mildred Delbach, superintendent of the children's division; Rev. Bruce Jacobs, superintendent of young people's division.

The body is a voluntary organization of men and women actively identified with evangelical churches in Lima and was organized little more than a year ago.

F. C. Kattner, representative of Ohio Sunday School association, this section of the state and acting superintendent of the state and county Sunday schools, mentioned the vacation Bible schools, with 1,000 pupils enrolled last summer, in report.

He spoke also of the Community Training school for Sunday school and church leadership with an enrollment of 150 students, this school in operation for a period of eight months during the winter, month of the four-square campaign for Bible classes which was a part of the council program since it is unit with the county Sunday school conference with more than 150 people enrolled.

Kattner announced a continuation of the same projects as the plan of the work of the coming year.

### New Issue

\$1,500,000

## The Robbins & Myers Company

Springfield, Ohio

### First Convertible 8% Cumulative Preferred Stock

Exempt from Ohio Personal Property Taxes and from the Normal Federal Income Tax.

Dividends payable quarterly February 1, May 1, August 1 and November 1. Total authorized and issued \$1,500,000. Preferred both as to assets and dividends. Redeemable at a whole at 110 and accrued dividends. Par Value \$100

Convertible at the option of the holder, on any dividend date, up to and including November 1, 1927, into four shares of no par value common for each share of this preferred stock.

Cleveland Trust Co., Cleveland, Transfer Agent. Guardian Savings & Trust Co., Cleveland, Registrar.

### REDEMPTION FUND

The Company shall in each year beginning January 1, 1928, redeem 5% of the total amount of this issue by purchase in the open market, or by lot, at not to exceed 110 and accrued dividend.

Application will be made to list both the First Convertible Preferred and the Common on the Cleveland Stock Exchange.

### CAPITALIZATION AFTER THIS FINANCING

First Mortgage 7% Twenty-Year Sinking Fund Gold Bonds.....\$3,000,000.00  
First Convertible 8% Preferred Stock (this issue).....1,500,000.00  
Preferred Stock 7% previously issued, junior to above.....2,181,100.00  
Common stock no par value.....  
Authorized.....125,000 shares  
Reserved for conversion of First Convertible Preferred.....60,000 shares  
Reserved for management.....25,000 shares 85,000 shares

Outstanding.....40,000 shares 1,250,000.00  
Surplus Account.....1,229,799.57

### BUSINESS

The Robbins & Myers Company was established in 1878 and has specialized in the manufacture of small electric motors, fans, and generators for the last twenty years. The Company is one of the leaders in the small electric motor field in the United States. One of the strong features of the Company's business is the great diversity of uses of its product in factories, dwellings and mercantile establishments, for such purposes as all kinds of power tools, ventilators, pumps, special machines, textile equipment, etc.; household devices such as washing machines, mangles, fans, dish washers, vacuum cleaners; and office appliances such as adding machines, printing machines, folding and mailing equipment; conveyors, cash registers, grinders, meat cutters, radio outfits, etc.

### PURPOSE OF THIS ISSUE

The proceeds from the sale of this preferred stock issue will be used to liquidate present current indebtedness.

The following table shows the value of the convertible feature of this issue:

When the common is worth per share	The preferred will be worth per share
25	100
30	120
35	140
50	200

\*Book value of common stock if all of this preferred stock were converted at this time.

### ASSETS

Net tangible assets after deducting the \$3,000,000 First Mortgage 7% Bonds, amount to \$6,042,763.28 or \$402.85 per share for each share of First Convertible Preferred Stock to be issued. The credit position of the Company is excellent, the ratio of quick assets to current liabilities being about 3/4 to 1.

### CONVERSION PRIVILEGE

Each share of the First Convertible Preferred Stock is convertible into four shares of no par value common, being on the basis of \$25.00 per share for the common. If this stock were converted at the present time and the management exercised its option to purchase the 25,000 shares set aside for it, all of the common stock then outstanding would have a tangible book value of over \$35.80 per share.

Subscriptions will be received subject to allotment and subject to the approval as to legality, of Messrs. Squire, Sanders and Dempsey, Cleveland, Ohio, for the bankers, and Paul C. Harris, Springfield, Ohio, for the Company, and also subject to the approval of the stockholders.

PRICE: \$100 per share and accrued dividends from May 1st, yielding 8%

# LARGEST SHIP IN WORLD ARRIVES SAFELY IN NEW YORK FROM ENGLAND TUESDAY

**ELEGANCE DISTINGUISHES THE MAJESTIC**—The Majestic, the 956-foot White Star liner which left Southampton May 10 on her maiden trip to New York, contains a marble swimming pool (upper left) with a surface area of 820 feet. The first cabin dining saloon, glimpsed here, seats 700 persons and is 31 feet high. She arrived today.

**LONGEST LINER COMPARED WITH BIGGEST BUILDINGS**—The new White Star liner Majestic, which arrived today from Southampton to New York, is almost as long as the Eiffel tower, highest structure, is tall. Here is a graphic comparison of the 956-foot Majestic with (left to right) Washington monument, 555 feet; Metropolitan building, 700 feet; Santo Campanile, 325 feet; Eiffel tower, 984 feet; St. Paul's cathedral, 405 feet; Woolworth building, 792 feet; and Statue of Liberty, 306 feet.

**GREETING THE PRINCE OF WALES**—Just a little corner of the immense throng that gathered to greet the Prince of Wales when he visited today. The column is part of a "London Bridge" erected in his honor.

## This Will Help You Put On Pounds of Good Firm Flesh

And Round Out Face And Figure If You Are Weak, Thin Or Emaciated Due To Causes Explained Below

Get a **FREE \$1.00 Package** of Genuine Yeast Vitamins Tablets Today as Explained Below — Try Them for Ten Days and Watch the Results

Science has at last shown how we sometimes grow weak, thin, and emaciated on an abundance of food (lacking in vitamins) while eating a much smaller amount of food, rich in vitamins, we may quickly take on good firm flesh, gain in weight, and acquire a remarkable gain in strength, energy and endurance, provided your blood contains sufficient quantity of oxygenated organic iron to enable your body to assimilate your food properly.

Without organic iron both food and vitamins are absolutely useless as your body cannot change lifeless inert food matter into organic iron in your blood.

For centuries scientists tried in vain to make organic iron. At last the problem was solved like the iron in your blood from any drugist under the name of "Nuxated Iron".

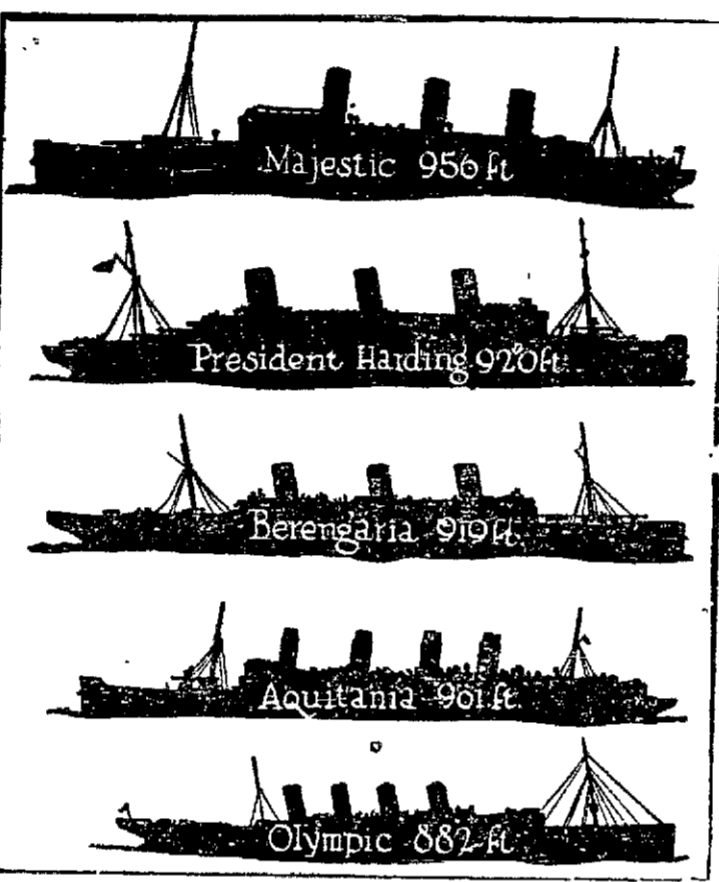

It has been arranged to give to every purchaser of Nuxated Iron, who wishes to put on pounds of good firm flesh, a large regular package of Genuine Yeast Vitamins Tablets absolutely free. Be sure to take only Nuxated Iron.

For sale by Hunter's 3 Stores, Public Drug Store and all other drugists.

**DO NOT BE MISLED BY IMITATIONS WHICH OFTEN CONTAIN DRUGS.**

**FREE \$1.00 Coupon**

This coupon, if used within five days, entitles you to one regular \$1.00 package of Genuine Yeast Vitamins Tablets, absolutely free with each bottle of Nuxated Iron that you purchase. If your dealer does not have our Vitamins Tablets he can easily obtain them for you from any wholesale house. Cut out this coupon and present it to your dealer today.

**WORLD'S LARGEST VESSELS**—For the next two years or so, the Cunarder Berengaria will hold second place in length to the Majestic, as the President Harding, new name of the old Leviathan, is undergoing extensive overhauling and will probably not be in service before 1924.

**IS IT "LOVE ME, LOVE MY DOG?"**—Peggy Joyce caressing "Clodwig von Shondorf" when she arrived on the Mauretania. "Clodwig" was purchased by Jack Dempsey in Berlin.

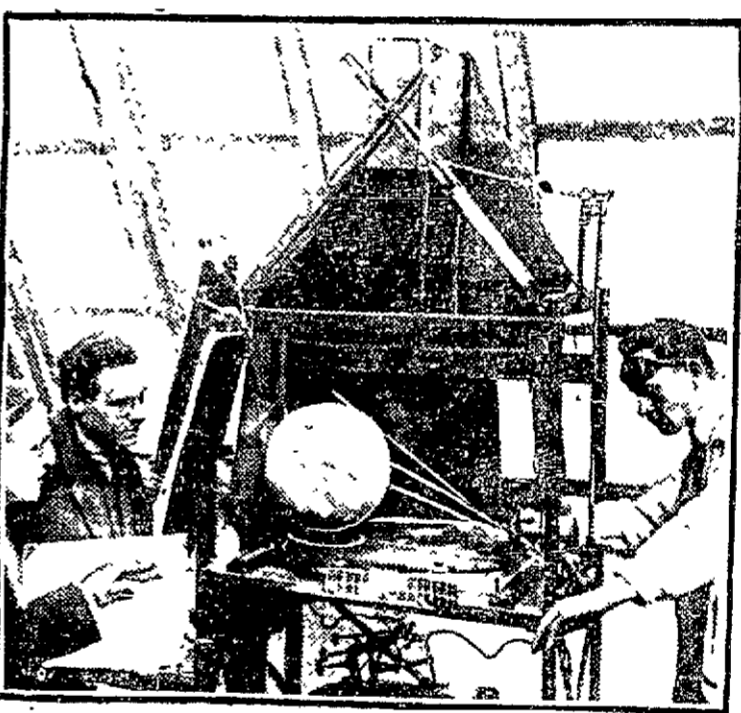

**YOU HAVEN'T SEEN THIS SINCE 1901!**—See anything unusual about the picture above? It shows President Harding, Mrs. Harding and Secretary of State Hughes and was taken while the trio was enjoying a baseball game at Washington. No? Look again! It's the first time in 21 years that such a picture has been obtainable. The reason? President Harding is the first chief executive who smoked since the days of President McKinley. And that was back in 1901.

**FLYER WRECK**—Wreck of the Black Diamond Express, crack train of the Lehigh Valley, near Leroy, N. Y., 45 miles east of Buffalo, on May 13. Three were killed and 25 injured when the train left the rails after a collision at a cross roads with a speeding auto.

**HARBELL IN CONTEST**—Harbell, President Harding's saddle horse, will be entered in the National Capital Horse Show, Washington.

**THEY DOUBT WORLD IS ROUND**—Prof. Nicholai, European scientist (left) and Hans Walter Kornblum, manager of the Einstein films, are making an exhaustive study to determine whether the earth is a sphere. Here they are recording curves of the globe in constant revolution.

**Add Water and Bake a Cake**

**Tempting School Lunches**

Lunch is a treat every day when your mother gives you delicious fresh cake. It's wholesome and nourishing too, and takes only 3 minutes to make with

## COMMENCEMENT SEASON

NEAR at hand is the time when graduates of Lima city schools will approach the close of their common school education. Graduation day is the occasion of years of anticipation. It is the one really big occasion in the life of youth, after years of study in preparation for the climax.

And after commencement comes the struggle with the world. Prepared by careful and painstaking tutors, hundreds and thousands of youth of this land are completing their education this month and many more will see the culmination of the effort in June.

In the rural districts, commencement for the most part is now a matter of history. Many of the graduates will take their places in the workaday world, while others plan to pursue higher studies in the colleges and universities. Vibrant with youth, their hearts singing a song of hope and vision born of aspiration, the experience gained in their common school education will stand them well in hand for higher educational pursuits or for their battles with the world, as they choose.

The graduates of this season will in time take their places as the men and women of affairs in the business and political and social life of the world. They have been equipped to meet the problems that will arise from time to time. All is rosetate now; their air castles are many and far reaching upward. For the most part they will be shattered by grim reality, but theirs will be the same experience that others before them have met. Still more to follow will pass thru the same portals to full understanding. It is the order of things. It is well that it cannot be changed.

## BREAKING RECORDS

IT'S always worth a news mention when a record of any sort is broken. That's the thing keen newspaper reporters are on the watch for. No matter what it may be, provided it's something worth while, it gets an extra paragraph or two and at least a double-deck head.

Lima and Allen-co people see a great deal of this sort of thing, in various lines of effort. During the month of April even the Stork became imbued with the idea of outdoing himself in previous efforts. As a result, the number of births in city and county in the last month exceeds the record of any similar period in more than two years.

Thirty boys and 30 girls came to bless the homes of as many happy parents. And there were just half as many deaths during the month as there were births. The Stork generally is winner. Seldom it is that the Grim Reaper worsts the bird. Death of all things is inevitable, but the Divine plan of increasing life does not brook interference by death.

If Lima should grow no more rapidly in population than afforded by births, the coveted 50,000 would be far in the distance. Newcomers, from other localities, constantly streaming into this city, are rapidly increasing the population. But the busy Stork is a wonderful aid.

## MORTGAGE

YOU used to hear a lot of talk about the evil of going into debt. As recently as 15 years ago, a man was considered foolish if he signed his future earnings over to the money-lenders, regardless of the purpose he had in mind. A mortgage was such a fetish that no Lincoln J. Carter melodrama was complete without it.

That idea has been patted in the face by the grave-digger's spade. Common now, for people to borrow money or buy on the installment plan.

Usually, it is a foolish system when ap-

## WHAT DOES HE MEAN, "BROTHER!"

plied to luxuries that the buyer cannot afford. But it is an excellent system for acquiring bonds, homes, furniture and the like. By going into debt, many people become rich who otherwise never would save a penny.

## WANDERLUST

IF chained to a dull job, you envy Dan O'Leary, who has walked 275,000 miles in his roving since 1874.

Dan is a moving monument to the wanderlust or vagabond instinct that slumbers in all of us. Without it, we'd still be living near the gates of the Garden of Eden.

Columbus, American pioneers and all others who led vast streams of population into new places—all were vagabonds.

But we have built up a system that calls for sending out roots—camping in one locality for life. That's why, in jealousy, civilization delights to jail tramps.

## AS YOU LIKE IT

Edgar Allen Poe beat Gladiator at the Jamaica race track. The pen is mightier than the sword.

The straw lid is budding forth; it blossoms out—then goes to seed.

When a man gets shot in Chicago they call it a natural death.

If Dempsey fights Carpenter in London, thousands of British will see their first joke.

These talking movies never will succeed. You won't be able to hear them for the audience.

"Saw-fish often exceed 20 feet"—news item. So do seen-fish; but caught-fish, never.

"Russia must have something concrete," says Tchitcherine. Maybe it's Russian heads.

It's a toss-up whether women get more with tears or rolling pins.

Indiana minister wants boys to stop playing marbles and we'll bet boys want him to stop preaching.

"Probe War Frauds"—headline. People just won't leave these second lieutenants alone.

Ohio men cut off his wife's hair to keep her at home; but that will only make her go out more.

## ABE MARTIN

"I thought I passed your feet today," said Abe Bud, today, when he got home and found his sister-in-law was in town for a visit. "We're going to have a lot of trouble in the years to come to locate the exact apartment where some great man was born."

in perched on the drain pipe near my window. Belowstairs to a homey breakfast and out.

To the office and all the morn, casting up accounts against my absence, and striking the balance, was then struck by the red-ink American Bank girl who wanted \$7.50.

"Phoned the Lima Trust and found I had \$13.22, so satisfied the carmine dealerless.

In the post, a gay missive from Former Secretary Newton D. Baker, advising me definitely he had been too long in public, and would not seek gubernatorial life. And what with this and that fell amusing, when Jimmie Heffner, the autocrat, came inviting me to a free ride to Columbus. But did decline, for must earn my board and roof. Over to Harman's and hot a porch swing, which I couldst ill-afford, but wanteth and will enjoy.

Home to lunch on a chop and ice-cream. Came Dr. Knisely, the First, in his coach, wearing a brave button. Snatched Dr. Crenp out of the Collet-st sewer and picked up New Cunningham. Newt and I later paid 'em both for afternoon instruction. Newt's mashes work and my playing caused the financial cat-cysem. But really only loaning it to Doc. Gaily greeted by Kin Johnson, but breathing friendliness was taken all wrong by his companion, who gave me the icy mitt. In poor

mood, home to put up screens. Which didn't fit. So will let George do it.

In the evening, dined with Eda Ballard at her feedery on High-st west. And her roast-beef was the best I ever did kulte. Walked a bit in the West Ende, and how the new houses are mushrooming thereabouts. Yet a Pierce-st contractor surratured to me this night that common labor was growing scarcer and that soon it hard to get would be. And all our homes will be occupied, and the clerks busy. With the chewing gum Trust putting on night shifts for first aid to flappers.

In the moon shive strolled by the Woolworth Tower, meeting with Dave Cable, the tight-wire phonist and Ralph Mackenzie, who makes the cleverest after dinner introductions I ever did bear. And have heard many in many places and many climes. Under many conditions.

And then the Dean of a Law School spoke to us. And did shock me in his views that the next to the last appendix we put on the constitution was a legal, if not a national mistake. But I still will put my money on the Anti-Saloon league rather than the American, with Babe Ruth in the hands of the barbers.

So, in beatific piggishness, I home to request an egg sandwich and a bit of milk. And then to bed.

## POEMS YOU WILL ENJOY

By BERTON BRALEY  
HAVEN OF CONTENT  
At times I grow weary of life in a flat  
With never a neighbor I care for at all;  
With no one to stop for a gossip chat  
And no one to greet save the dingie in the hall;  
At times I feel mightily tempted to go  
Where all of my neighbors are folks that I know,  
And there quite contentedly settle me down  
In an old-fashioned house in an old-fashioned town.

An old-fashioned house that has plenty of room,  
With a wide shady porch and a broad grassy lawn,  
With a trellis of roses whose waited perfume  
Grows ever more lovely as summer comes on;  
It tugs at my heart-strings, that pastoral scene,  
With the trees and the grasses delightfully green,  
And the peace and the comfort that rest like a crown  
On an old-fashioned house in an old-fashioned town!

Afar from the city's harsh granite and brick  
I hear lovers talk as they saunter along,  
I hear the old gates as they creak and they click,  
I hear from the porches brief snatches of song;  
And neighbor greets neighbor, and friend calls to friend,  
And life has a quiet and leisurely trend.

Unspoiled by the battle for gold and renown,  
In an old-fashioned house in an old-fashioned town.  
And then—I remember the gossip that wags  
Where everyone knows all about your affairs;  
How life in a village so wearily drags;  
I think of a householder's troubles and cares—  
Of grass to be cut, and in winter-time's chill  
Of wood you must chop and of stoves you must fill,  
And—I guess, on the whole, I won't settle me down  
In an old-fashioned house in an old-fashioned town!

## A THOUGHT

The Lord God is a sun and a shield; the Lord will give grace and glory; no good thing will He withhold from them that walk uprightly. —Psalms 24:11.

Who hath not owned, with rapture-smitten frame, The power of grace, the magic of a name? —Thomas Campbell.

**Children Cry FOR FLETCHER'S CASTORIA**

## Isn't this feeling about tires pretty universal

**M**OST car-owners intend to have a car the rest of their lives. Economical operation is getting more and more fashionable.

How many men do you know who won't expect tires to do their share of the saving?

This is the year for tire-merchants to study their customers closely.

The makers of U. S. Royal Cords have recently stated what is the biggest opportunity to serve in the tire business.

U. S. Royal Cords cannot take care of all the people who want the upward quality in tires.

Nor do they claim a monopoly of all good tire making methods.

The makers of United States Tires urge upon everybody—manufacturer and dealer alike—a new kind of competition.

Let us compete for more and more public confidence.

Let us compete for higher and higher quality.

Let us compete for still more dependable public service.

# BINGHAM ORDERS FIRE CHART

Engineers and Fire Chief Work On New Plan

WILL BE KEPT UP TO DATE

Map to Show Source of All Calls For 10 Years Past

Lima is to have a fire chart. It will show the location and the damage caused by every fire during the past 10 years. C. A. Bingham, city manager, said Tuesday.

A map of the city has been prepared showing the streets and the location of the principal industrial plants and business sections of the city.

On this chart every fire will be indicated and a dot made with colored ink to show its location and the amount of damage. The color of the ink will show the amount of the damage.

A yellow dot will mean a fire of less than \$1,000 damage. A green dot will mean damage between \$1,000 and \$5,000. A blue dot will show damage between \$5,000 and \$10,000. A red dot will indicate damage between \$10,000 and \$20,000 and if a circle is placed around the red dot damage of more than \$20,000 will be shown.

Advantages of this chart are numerous, Bingham says. It will show

the districts where the majority of the fires are taking place. It may show that one district has more fires than any other.

If it is seen that an excess of fires is occurring in certain sections of the city it may be necessary to move one or more of the fire stations nearer that neighborhood. Specified fire routes may also be made necessary.

By a fire route is meant a street designated as a route to enable the fire fighting apparatus to reach a certain district in the shortest possible time. These routes would be plainly marked.

Inspections in the districts showing the largest number of fires will also be made to determine whether proper care is being taken in the

disposal of combustible material. Special reports will be made compulsory whenever a fire breaks out in one of these districts, in order that the cause of the fire may be determined and the danger lessened, Bingham said.

Records for the past 10 years are being dug up by the city engineers in the preparation of the chart. When completed, it will be one of the most complete of its kind in the country, it is believed.

Fires which have been forgotten will be spotted and when the chart is completed it is expected that some very interesting things will be noted.

**MACK IS AIDING**

Fire Chief John Mack is co-operating with the engineers in the preparation of the chart. It is expected to be completed within the next few weeks.

Preparation of the public work chart is progressing very nicely, Bingham says. The first section showing the sewer work has been practically completed and the engineers have started on the paving section.

This chart will show just how far

each of the city projects has progressed and will be kept up to date by the city engineers. Any citizen will have access to it at city hall, when it is completed, and learn what has happened to any project he is interested in.

## Beauty Hint for Women

For clear skin and bright eyes

Take

# Beecham's Pills

Sold everywhere in boxes

10c-12 pills  
25c-40 pills  
50c-90 pills

When food is only imperfectly digested, it gives rise to fermentation, clogs the bowels, and renders the blood impure. This results in dull eyes, muddy skin, blotches, pimples and other disfiguring marks. Beecham's Pills act immediately on the stomach, liver and bowels; regulate them and keep them in a vigorous condition. They are mild, harmless and dependable. They are compounded of remedies of vegetable origin having great medicinal value.

## Children Cry FOR FLETCHER'S CASTORIA

SPARE THE RINSING AND SPOIL THE CLOTHES

No matter how carefully you have washed your clothes, if you have not rinsed every bit of soap out, they will still be yellow. Use a soap that dissolves completely and there is less danger of particles sticking to the clothes to yellow them.

Rinso is an entirely new kind of soap that dissolves instantly, making both water and clothes slippery with its pure, rich suds. It soaks all the dirt out of the clothes so that no hard rubbing is needed to get them spotlessly clean.

Rinso is easier to rinse out than a soap with solid particles to stick to the fabric. But because the rich Rinso suds loosen every bit of dirt, very thorough rinsing is necessary to carry off the dirt.

Rinso is rapidly replacing bar soap for the family wash.

Lima, Ohio

## Just a Few Words

In five years, we have built up a great retail shoe business in Lima, by selling good, reasonably priced shoes at medium and reasonable prices.

Unfortunately we have had our store room taken away from us and are ordered to vacate.

Therefore, there is nothing for us to do but get out, and this we must do quick.

Every pair we sell at our quitting business sale at startling prices, bears our regular guarantee.

Our store is closed Monday, Tuesday and Wednesday, to throw our entire stock on the bargain table at ridiculously low forced prices.

We thank you for your past liberal patronage and invite you all to Lima's greatest Quitting Shoe Business Sale which opens Thursday, May 16, at 9 a. m.

**Lloyd's Shoe Store**

We deliver anywhere in our moving van.

Remember we compete with the catalogue man.

## RHEUMATISM LEAVES YOU FOREVER

Deep Seated Uric Acid Deposits Are Dissolved and the Rheumatic Poison Starts to Leave the System Within Twenty-four Hours.

Every drugstore in the country is authorized to say to every rheumatic sufferer that if a full pint bottle of Allenburh, the sure conqueror of rheumatism, does not show the way to stop the agony, reduce swollen joints and away with even the slightest twinges of rheumatic pain, he will surely return your money without comment.

Allenburh has been tried and tested for years, and really marvellous results have been accomplished in the most severe cases where the suffering and agony was intense and pitiable and where the patient was helpless.

Mr. James H. Allen, of Rochester, N. Y., the discoverer of Allenburh, who for many years suffered the torments of acute rheumatism, declares all sufferers to know that he does not want a cent of anyone's money unless Allenburh decisively conquers this worst of all diseases, and he has instructed druggists to guarantee it as above in every instance. All druggists can supply you.—Adv.

**NOTICE TO CONTRACTORS**

**DEPARTMENT OF HIGHWAYS AND PUBLIC WORKS**

**DIVISION OF HIGHWAYS**

Columbus, Ohio, May 9, 1922.

Federal Aid Project No. 247.

Sealed proposals will be received at the office of the Director of Highways and Public Works, Division of Highways, at Columbus, Ohio, until one o'clock P. M. (Central Standard Time), May 31, 1922, for improvements in: (Projects on Proposal No. 1 and Proposal No. 2 will be awarded to the same contractor as one contract).

Proposal No. 1

Allen County on Section "C-1" of the Lima-Kenton Road, I. C. H. No. 128, Partition No. 4178, in Jackson and Auglaize Townships, by grading roadway, constructing bridges and culverts, and paving with one of the following types: Bituminous Macadam A-1 or T-1, estimated cost \$77,192.90; Kentucky Rock Asphalt, estimated cost 96,937.05; Bituminous Concrete, estimated cost 94,482.70; Reinforced Concrete, estimated cost 89,887.55; Width: Pavement 18' ft. Roadway 23' ft. Length 14,543.5 ft. or 2.754 miles. Date set for completion, October 1, 1922.

Proposal No. 2

Allen County on Section "C-2" of the Lima-Kenton Road, I. C. H. No. 128, Partition No. 4178, in Jackson and Auglaize Townships, by grading roadway, constructing bridges and culverts, and paving with one of the following types: Bituminous Macadam A-1 or T-1, estimated cost \$44,877.04; Kentucky Rock Asphalt, estimated cost 53,971.99; Bituminous Concrete, estimated cost 53,219.38; Reinforced Concrete, estimated cost 48,143.88; Width: Pavement 18' ft. Roadway 23' ft. Length 7,933.3 ft. or 1.502 miles. Date set for completion, October 1, 1922.

The bidder must submit with his bid a proposal bond or certified check for an amount equal to five per cent (5%) of the estimated cost, but in no event more than Ten Thousand Dollars (\$10,000.00).

Plans and specifications are on file in the office of the Resident Engineer and Public Works Division of Highways. The Director reserves the right to reject any and all bids.

Leon C. Herrick, Director of Highways and Public Works.

**NOTICE OF PUBLIC SALE**

In pursuance of an order of the Probate Court of Allen County, Ohio, I will offer for sale at public auction on the 27th day of May, A. D. 1922, at one o'clock P. M., the premises situate in the Township of Jackson, (132) South Central Avenue, Lima, Allen County, Ohio, the following described real estate, to-wit: (100) feet to the west line of the State of Ohio, Beginning at the south east corner of the Original Plat of the City of Lima, Ohio; thence west 100 feet to the west line of said lot; thence north to right angles with south line of said lot; thence south on the west line of Tanner Street (now Central Avenue) Twenty-five (25) feet to the place of beginning. The street number of the building on said premises is 122 South Central Avenue. Said premises abutting on the west side of said Avenue. Appraised at Twenty-five Thousand and Five Hundred Dollars (\$25,500.00). Terms of sale: Cash in hand on day of sale.

Emma Schoonshaefer, Executrix of the Last Will and Testament of Henry W. Schoonshaefer, deceased.

G. B. De Witt, Attorney.

4-25-5wks.

**LEGAL NOTICE OF BOND SALE**

Sealed bids will be received at the office of the Auditor of the City of Lima, Ohio, until noon (12:00 O'clock Central Standard Time) Friday, May 26, 1922, for the purchase of the bonds of said city as listed below:

\$55,000.00 Intersecting and Outfall Sewer Bonds, Dated May 1st, 1922, denominations of \$1,000.00 each; numbered from one to five hundred sixty three (1 to 563) both inclusive; maturing \$23,000.00 on the first day of November 1923, and \$32,000.00 on the first day of November 1924; interest at 5% per annum payable on the first day of May and November each year beginning November first, 1923. Said bonds are issued in accordance with Ordinance No. 12580 passed by the City Commission on April 10, 1922, and Sections 1219 to 1229 inclusive of the General Code of Ohio for the purpose of paying the cost of installing and constructing the necessary intercepting and outfall sewers along and adjacent to the intersection of the State Board of Health under date of October 23, 1916.

Interest and principal of these bonds payable at the depository of the Sinking Fund Trustee of the City of Lima, Ohio.

Bids must state the highest price that will be paid for the bonds bid on and must be for not less than par and accrued interest and must be accompanied by a certified check on a solvent bank or trust company payable to the order of the City of Lima, Ohio, in the sum of the amount of two per cent (2%) of the par value of the bonds bid for. The sum of the said certified check to be paid by the City as security that the terms of the bid be complied with.

Bids should be sealed and marked "Bids for Bonds."

The City reserves the right to reject any or all bids and to waive any minor defect in the interest of the City.

By order of the City Commission of the City of Lima, Ohio:

4-25-5wks. City Auditor.

# MRS. MEANS IS GROUP HOSTESS AT ELKS CLUB

An attractive social function at the Elks' Home, Tuesday, was a luncheon-bridge party given by Mrs. Carl Means, of W. Market-st.

The tables for the luncheon were adorned with blossoms suggestive of springtime. A color scheme of pink and white was carried out in the decorative effect and observed in every appointment detail. Following the luncheon an interesting afternoon of bridge was enjoyed.

Mrs. Means' guests included: Mrs. George Eckert, Mrs. Ernest Hill, Mrs. Julius Solomon, Mrs. Wilbur Mummaugh, Mrs. Maude Mathews, Mrs. E. L. Asher, Mrs. H. E. Shedine, Mrs. Miller Laudick, Mrs. C. L. Ackerman, Mrs. Guy Copus, Mrs. Jacob P. Renz, Mrs. James Anderson, Mrs. Jacob Pettler, Mrs. Walter Renz, Mrs. Guy Means, Mrs. William Renz, Mrs. A. L. Metheny, Mrs. Frederick Thirkfield, Miss Beatrice Renz, Mrs. Frederick Willower and Mrs. M. A. Zimmerman.

Members of the Sorosis club met at the public library, Monday afternoon. The forepart of the afternoon was given over to a general discussion of "Flowers" and Mrs. J. D. Jones favored with several readings.

The final meeting for the club year will be held in three weeks at the home of Mrs. William McComb, of S. Pierce-st. The election of officers will be held at this time.

Mrs. E. L. Kirk, of Lakewood-av., will entertain the members of the Thursday Bridge club at her home, Friday.

Members of the Palmedo Euchre club will meet with Mrs. Everette Zeits, of 711 N. West-st., Wednesday afternoon.

Mrs. William Wilson, of 718 Greenhawn-av., will open her home to the members of the Missionary society of Olivet Presbyterian church, Wednesday. Mrs. Charles Schroeder will lead in the devotionals. Members will respond to roll call on the subject, "Promises." The subject for the afternoon will be "The Leper Work" with Mrs. J. C. Kelley in charge. A report of the recent meeting in Van Wert will be given by Mrs. C. R. Phillips.

Mrs. Ralph Austin, talented reader will give "Monsieur Beaucaire," by Booth Tarkington, Thursday evening, in the K. of P. hall in Spencer-ville at the annual party to be given by the high school alumni in honor of the graduates. Mrs. Austin will appear in a dainty French costume.

Miss Lucille Wise returned to Columbus to resume her studies at Ohio State university after visiting over the weekend with her parents, Mr. and Mrs. Julius Wise, of S. Cole-st.

Mrs. C. E. Schell, Mrs. Henry S. Euck, Mrs. E. J. Curtiss, Mrs. E. R. Lindsmith and Mrs. Kent W. Hughes will be among the members of Mercy Circle of King's Daughters of this city, who will attend the district meeting of King's Daughters from Allen, Logan, Hardin, Auglaize and Wyandot counties in Bellefontaine, Thursday.

Mrs. Schell, as the county chairman, will speak on the subject, "Our Opportunity as Christians." Mrs. Euck as the official delegate, will report for the local circle. Mrs. E. J. Curtiss will sing with Mrs. Lindsmith as the accompanist and Mrs. Hughes will respond as the leader of Mercy Circle.

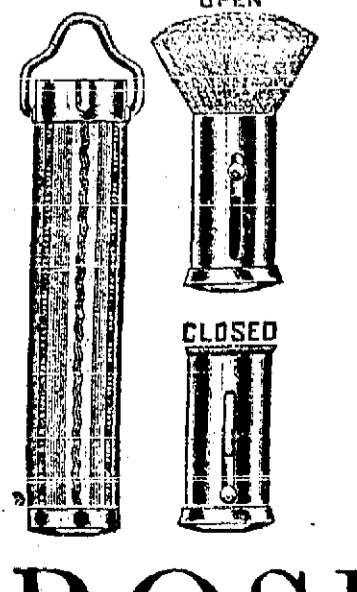

The meeting will be held in the Lutheran church in Bellefontaine and will convene at 10 a. m., with Mrs. J. H. Armstrong presiding. All members of Mercy Circle are invited to attend. Those planning to do so will please communicate with Mrs. Hughes.

A delightful event in the Y. W. C. A. was that of Monday evening when a reception was given by the Board of Directors and the Health Education committee honoring Miss Mary Garford, physical director, who left Tuesday noon for her home in Plym-outh, where her marriage to W. E. Orcutt, of Wooster, will be solemnized June 21st. The hostesses for the evening were Mrs. E. G. Wendock, chairman; Mrs. J. J. Pettler, Mrs. J. Vogelpesang, Mrs. N. D. Kays, Mrs. J. P. Goetschius, Mrs. Earl Massey, Mrs. A. J. Amos and Miss Marie Roberts.

Mrs. D. J. Cable, president of the board, presented Miss Garford a beautiful Madeira luncheon set as a token from the board and the health education committee. Several other very attractive gifts were presented to the honor guest.

The reception followed "Color Night," a presentation given by Miss Garford as the final exhibition of dancing and gymnastic work for the season. The rooms were converted into fairyland, all of the decorations being carried out in rainbow colors. The lights were dimmed with colored shades. A Marjole dance was one of the very artistic numbers of the evening. Attractive butterfly and fairy dances together with drills were given and Mrs. Leah M. Butler gave a most interesting talk on the subject, "Color." Through the program and during the reception the Y. W. C. A. orchestra, under the direction of Mrs. J. C. High, played. Refreshments were served in booths, which were decorated with brightly colored balloons.

They will visit in Holland and will travel thru Belgium, Czechoslovakia and Austria. They will return to this city in September.

Mr. and Mrs. Edward C. Haneke, of Brice-av., have as their guests, Mr. Haneke's mother, Mrs. Carl Haneke, of Washington, D. C.

The Woman's Board of Managers of the Lima City hospital will meet at the hospital Wednesday at 9 a. m.

Mrs. B. A. Gramm opened her attractive home on S. Cole-st., Monday evening to the members of the Gloriana club and their husbands for their annual party. The assistant hostesses were Mrs. J. P. Bowman, Mrs. Harvey A. Crider, Mrs. J. I. Motter, Mrs. J. E. Dexter, and Mrs. J. A. Jenkins.

Three enjoyable one act plays, "Pat's Matrimonial Adventure," "The Train to Mauro" and "The Story" were presented by a group of members of the club. Those taking part were Mrs. Fred Bradley, Mrs. W. R. Roberts, Mrs. J. P. Bowman, Mrs. A. C. Stuart, Mrs. E. A. Yokum, Mrs. H. A. Crider, and Mrs. J. I. Motter. A delightful musical program was given by Mrs. Ralph Austin, soprano; Mrs. Gayle C. Dunifon, violinist, and Mrs. Ralph Shirdler, harpist.

Miss Margaret Anna Helene Miller, daughter of Mr. and Mrs. Anton Miller, of W. Wayne-st., and Wilbur Cletus Peppie, also of this city were quietly united in marriage Tuesday morning in the Hotel Shawnee, Springfield. They returned to this city Tuesday noon and will reside at the Miller home on W. Wayne-st. for the present.

1

## MISS CHRISTEN'S DAILY PAGE OF CLUB AND SOCIETY EVENTS COLLEEN MOORE DRESSED UP!

COLLEEN MOORE

Colleen Moore does not always have a chance to wear pretty clothes on the screen because she is so frequently cast as a charming little waif.

However, she has a wardrobe of Paris creations and wears them with

great distinction. She is shown today in an attractive afternoon frock, consisting of a cape and frock of black satin. The lining of the cape and the long-waisted blouse is adorned with velvet roses of beige.

Mrs. William Baumberger, of W. Elm-st., welcomed the members of the Round Table at her home Monday afternoon at a pleasant social gathering. Mrs. Mary Moore gave a Japanese missionary story, "Little Cherry Blossom." Miss Katherine Baumberger and William Baumberger entertained with several piano and violin duets and little Miss Jean Alice McCartney favored with several readings. The only guests were Mrs. Carl Haneke, of Washington, D. C., and Miss Viola Hampshire, of Fostoria.

The Immaculate Conception Sodality of St. Rose church is entertaining with a benefit affair in the school auditorium Thursday. Bridge and euchre have been arranged for the afternoon while dancing and cards will be the features of the evening.

The officers of the sodality are Miss Mary Kennedy, president; Miss Adelaide Bland, vice-president; Miss Ruth Callahan, secretary and Miss Margaret Horrigan, treasurer. The entertainment committee includes Misses Loretta Kelly, Kathleen Mahoney, Helen Hennessy and Mary Flowers.

Mr. and Mrs. Val Heit, of E. Eureka-st., will leave Sunday for New York. They will then sail the following Wednesday for Europe where they will visit in various parts of Germany, France and Italy. They will witness the presentation of the "Passion Play" in Oberammergau, during the month of September.

The Woman's Missionary society of the First Reformed church will meet with Mrs. William Kinzer, of N. Collett-st. Tuesday evening. Miss Sophia Hoff and Mrs. F. Smith will act as assistant hostesses. Miss Flora Klein will lead in the devotionals and Miss Lydia Clark, a returned missionary from Africa will give a talk on "Africa."

Mr. and Mrs. P. A. Sauter, of S. Metcalf-st., entertained as their guests over Sunday, Mr. and Mrs. George Bridge and family, who were enroute from a several months' stay in Palmasolo, Fla., to their home in Continental. The trip to Florida was planned in the hopes of improving Mrs. Bridge's health.

Mrs. Lewis D. Rothstein, of W. Market-st., will leave Thursday for Martinsville, Ind., for a three weeks' stay.

Mrs. Jack Atkinson, of the Avalon-apts., delightfully entertained the members of the Five Hundred club Monday evening. In the playing, Miss Louise Ackerman held high score. The hostess was assisted by her sister, Mrs. Ortha McMillen in serving a two-course luncheon. Miss Abigail Sullivan and Mrs. McMillan were the only substitutes.

Miss Aline Williams, of Lakewood-av., will entertain the club at the next meeting.

PINEAPPLES AT DORSEY'S.

LEARN A WORD A DAY  
TODAY'S word is PERSON-AGE.

It's pronounced—pur-sun-aj, with accent on the first syllable.

It means—more than the mere word "person," implying a person of note, distinction, importance.

It comes from—English "person," the origin of which is uncertain, tho possibly from Latin, "persona," a mask.

It's used like this—"A number of influential personages are mentioned in connection with the charges of war grafting recently made in Congress."

1

The Mother's Progressive club of South high school will meet with Mrs. E. M. James, of 903 Bellefontaine-av., Wednesday evening. Members will respond to roll call with suggestions of Mother's Day. All members are urged to be present.

Mr. and Mrs. Ralph Sweeney (Marian Dunn) will motor to this city from Philadelphia the latter part of May to visit at the home of Mrs. Sweeney's grandmother, Mrs. Henry Groby, of S. Cole-st. Mr. and Mrs. D. C. Dunn, parents of Mrs. Sweeney, now of Hollywood, Cal., will leave for this city at the same time to visit at the home of Mrs. Groby.

## SUSIE SMART'S ADVICE

Dear Miss Smart:  
I AM a girl 18 years of age. Like other girls, I have a number of invitations from different boys to go places, but I never accept. Perhaps you think it foolish of me and so do all of my girl friends, but I feel that I have sufficient reasons to refuse. It happens that of all the boys I have ever met there is only one for whom I care and he never invites me any place. I am getting quite discouraged. I do not accept the invitations from these other boys because I do not care for them and I do not think it right for a girl to go around with a boy when she simply goes for the good time and not because she cares anything about him. What is your opinion on the subject?

ONE IN LOVE  
It is quite unreasonable and ridiculous for you to decline all of the invitations, which your boy friends and acquaintances extend to you simply because you feel you care only for one boy. If he never invites you any place nor offers you any attentions, I should not call him a very valuable or interesting friend. You must not feel that you should be in love with a boy before you accept an invitation from him. That is so foolish and you are missing many pleasant friendships by adopting such an attitude. Perhaps if you would be friendly and become better acquainted with these boys you would find them more interesting than you think.

You are young and for you to waste your girlhood pleasures simply because you are in love with some one who apparently does not respond to your admiration, is very wrong.

The young men who have offered you invitations have very probably meant nothing more than friendship, accept their invitations and do not make the mistake of regarding every man you meet as a matrimonial possibility.

Dear Miss Smart:  
Can you tell me where or to whom to apply for what is known as the soldier's relief fund for widows of soldiers of the Civil War?

S. W.  
The members of the Soldiers' Relief commission include S. M. Fletcher, of Lima; Daniel Harpster, of West Cairo and Peter Lies, of Spencer-ville. Confer with or communicate with any member of the commission in regard to your question.

BLACK GLASS  
Bowls of thick black glass, with and without standards, and many popular receptacles for holding flowers on the dining table.

EARRINGS  
Heading the race for popularity in earrings is the piece of imitation jade that hangs from a pearl, with a tiny chain connecting the two.

LARGE BUCKLES  
Colonial pumps with large buckles are among this season's novelties.

We deliver anywhere in our moving van.

Remember we compete with the catalogue man.

**HOOVER-BOND FURNITURE CO.**  
Lima, Ohio

## OUR FIRST YEAR

BY A BRIDE

### A NEAR QUARREL

Never had my temper been so brittle, never had Jack been so patient. While he turned the cuffs of his only clean shirt to conceal the tattered edges he whistled cheerily. But his indifference to a trying situation, which I might have prevented, did not comfort me.

"Not much more this morning!" Jack picked up his letters.

I did not answer. I knew perfectly well that my husband was talking merely for talking's sake, just to relieve the tension of the moment.

"And no bills—thank the gods!" Jack's last remark quite finished me, altho I knew he meant it for a joke.

"Bills don't come this time of the month!" I snapped. "You'll get a plenty, when they do!"

"Why Peggie! Darling! What's the matter this morning?"

To this question my only answer was a stony glance, just long enough to see that Jack wore his usual expression when I'm horrid, a griefed, bewildered look.

"Peggy, love! It's mean to bother you! I thought you'd know I was only teasing! I'm stupid, sometimes, I guess. But, girl, if I've hurt you, I'm sorry!"

"It's all right, Jack!" I replied in a tone intended to convey the idea that it was decidedly all wrong. I put up my face to be kissed. "Hurry, dear! I've made you late to your appointment! Now don't make me feel worse about it by being later!"

Jack hugged me close, Mr. Tearable's letter in my blouse crackled sharply. My husband held me at arm's length, laughed:

"Right over your heart! What's that you were asking about secrets?"

"Maybe—it's another bill!"

"Oh, Peggie! Don't you—won't you understand any old joke this morning?"

"I understand you're late, awful! Goodbye!"

Another kiss, another hug, another rustling of crushed paper, the door closed between us. Jack was gone and I was desolate.

Never had we come so close to quarrelling. Whenever I had appeared to be the least bit annoyed, Jack had looked worried, helpless, as if he were at his wit's end. He was in that state when he left the house. I hadn't been fair, I had behaved very badly!

1

Blackheads  
indicate your  
cleansing method is wrong

USE this famous treatment to keep your skin free from blackheads:

Each night before retiring apply hot cloths to the face until the skin is reddened. Now with a rough washcloth work up a heavy lather of Woodbury's Facial Soap and rub it into the pores thoroughly with an upward and outward motion. Rinse with clear, hot water, then with cold. Finish by rubbing your face for 30 seconds with a piece of ice.

Begin this treatment tonight. Within a week or ten days your skin will show a marked improvement. The Andrew Jergens Company.

# STUDIO COMPARISON SHOWS MOVIE GROWTH

(By ESTHER WAGNER)  
THE great advance of the movie industry is best demonstrated by comparison of the first studio with the latest.  
The first was built by the Edison company in 1905. It was on pivots so that it could be swung around to follow the sun and was mounted on a truck so that it could be moved about.  
In all it was 25 feet long and 20 wide, lined with tar paper. It was called the "Black Maria" by members of the company.  
The tar paper prevented the filtration of light thru the sides. The studio followed the sun to get the proper angle of light thru the skylights, artificial lights not then being practical.  
The largest studio in the history of pictures is now being constructed

by Douglas Fairbanks for the filming of "Robin Hood."  
It covers acres of ground. Hundreds of men are engaged in making the sets. It is equipped with an electric plant that would illuminate a fair-sized city.  
Speaking of the old days and the present, Mary Pickford has had a six-room bungalow erected for a "dressing room." Edison's old "Black Maria" could sit down in it several times.  
Doug will wear a beard as well as a mustache in "Robin Hood." He also purchased a falcon, paying \$200 for it in London. The bird will participate with armored knights in the jousts and tournaments of the play. Falconing was a great English sport in the period in which the photoplay is set.

Doug Fairbanks' studio looks like a city in construction. Compare it with Edison's "Black Maria," first movie studio, upper left corner.  
Landis, Lincoln Stedman and Larry Steers.  
Hiram Devan, Mildred June, Charlie Murray and others.

## Vaudeville and Pictures—at the Fawcett

OPPING the list of Keith attractions, appearing the first half of this week at the Fawcett, is a delightful little song playlet, presented by Robert Reilly & Co., entitled "Tudor's O'Shea."  
This clever bit of song and dance is unique in every way, and features several charming old Irish songs and dances. Mr. Reilly, on costume, has a pleasing voice; the little lady appearing opposite sings and dances with Irish pep, and the youngster, bless his heart, is a delightful little rogue who adds zest and laughter to the entire performance.  
Nihil, billed as a classic poseur, presents a series of picturesque living reproductions amid settings of unusual beauty. Lovely effects are obtained by the use of photographic prints, in colors, and the act as a whole is a far cry from the commonplace. Nihil opens the bill.  
Ed. Hill, a lone comedian, slugs a few songs, of which "Passersby" evoked the most applause. His witty sayings, stories, etc., while not new, are told in a manner that makes them justly entertaining.

And now for the picture, William Christy Cabanne's "The Barricade" from which the picture was taken. It is a tale of human life, that wavers between tempests and the mansions, and while it is told in an interesting manner, it persists in placing its sermon before you.

An interesting lot of people were assembled to play the leading parts. There's Kenneth Harlan, for instance, as the ungrateful son, about whom the tale revolves. He has been taken in by a kindly old gentleman when a mere child (Kenneth, not the gentleman) and had been raised and educated to the nth degree. He did not know, it seems, that his so-called "dad" had sacrificed so much, in order that he might later become famous.

And so we see him, married to wealth, a man of great power, entirely forgetting the loved ones who were now entirely without funds. False pride, or something prevents them from going to him for aid. In the last reel, however, after much tearful entreaty, awakened responsibility, remorse, etc., the opposing factors are united, the barricade of false pride broken down, and the haughty wife of Kenneth actually calling the plain little girl sister.

You may derive a great deal of benefit from "The Barricade" and if so, it will not have been produced in vain. The human interest element therein is strong enough to make it appealing to the majority of picture fans. As an average pro-

gram picture, it has my commendation.

## THEATRE DIRECTORY

**AT THE SIGMA**  
"Tolable David," from the story of Joseph H. Stoddard, is playing a four day engagement at the Sigma theatre. Richard Barthelmess is seen in the title role, with Gladys Huette playing opposite. Also other features.

**AT THE LYRIC**  
Clara Kimball Young heads the cast in "Charge It," appearing again today at the Lyric theatre. Herbert Russell and Nigel Barrie are seen in minor roles. Also a two reel comedy and news.

**AT THE QUINA**  
Jack Holt and Agnes Ayres are co-starring in "Bought and Paid For," the William De Mille release appearing today at the Quina theatre. The program also includes Aesop's Fables, Quina News Review and a clever Christie comedy.

**AT THE MAJESTIC**  
"The Tom Boy," starring Eileen Percy, opens a two day engagement today at the Majestic theatre. Also other features.

**AT THE RIALTO**  
"Dream Street," D. W. Griffith's famous production of Thomas Burke's Limehouse stories, is appearing again today at the Rialto theatre. Carol Dempster, Charles Mack and Ralph Graves have leading roles. Also other features.

**VON STROHEIM AT WORK**  
Von Stroheim has engaged many of his support in "Foolish Wives" for his next. Among them are Maude George, Dale Fuller, Cassare Garvina and Al Edmundson. After that Von Stroheim will make a screen version of "Castle Hubertus," a spectacular story by Ganghofer, Austrian author.

**AT STUDIO KEYHOLES**  
Francis Carpenter, 9, who co-starred with Virginia Lee Corbin in "Jack and the Beanstalk," will be featured in a Century comedy.

Just a second! Sally, the comedy horse, has changed her name to Quenile.

Charles Jones is to be starred in "Twopenny O'Neil," originally bought for William Farnum.

The case for "Someone to Love" includes Madge Bellamy, Cullen

**New Floors and Old Floors Made Permanently Beautiful**

The new floor that is ready for stain, and the old floor that needs rebeautifying, will both look better when you use Marnolac Floor and Varnish Stain.  
Easy to apply and ready to use. Marnolac is made of permanent pigment stains and high-grade varnish.  
Unlike aniline dye stains, it never fades—is unaffected by sunlight, heat or cold. It is washable with soap and water, does not absorb grease or dirt, never shows heel-marks.  
Superiority, durability, toughness, hardness, beauty tell the story of Marnolac quality. Puts newness into old furniture.

## SHORT SHAVINGS

W. L. Rogers' attorney, went to a grocery store to make a purchase. A woman came in and asked the grocer, "Have you got thyme?" He replied, "The grocer said, 'Sure, I've got plenty of time. What will you have today?'"

Mr. Wagner asked a heavy weight friend why he did not try callisthenics to reduce his weight. Wagner replied, "His friend answered right but I've found pills don't do any good."

C. Matthews, 1415 Hazel, is in early riles. The reason he is getting up on time one particular morning was because he placed his alarm clock too near the window of his room, and someone nipped it.

I. G. Maxwell, physical director at the Y. M. C. A., saw a forgetful but conscientious man rush thru a stranger who was getting off, and to hand him an umbrella. The stranger disowned it so the forgetful young man returned to his seat and with apologies offered the umbrella to the man who sat next to him. That one disowned it too. The forgetful young man looked at the umbrella more carefully. Oh! he said, it's my umbrella! I forgot I was carrying it today.

## NINE WORKERS HURT IN GAS EXPLOSION

EAST LIVERPOOL, Ohio.—Nine pottery workers, eight men and one woman, were injured one seriously, when a gas explosion struck a kiln today in the McNeil Ceramics Plant at Wellsville, four miles west of here. Accumulated gas ignited when some one struck a match. The property damage was estimated at \$5,500.

All of the injured are residents of Wellsville. James Spencer, 35, who sustained a fractured arm and a fractured leg is the most seriously injured. The others injured are: Mrs. Joseph Ramsey, Edward Dinsmore, Ralph Whenton, Joseph Hollida, Charles Hall, Edward Eckler, William Backe and C. J. Hall.

## KILLS SELF TO AVOID DISGRACING HER FAMILY

CHICAGO.—Letters held by police today disclosed the reason for the suicide of Miss Fannie Grass, 22, daughter of a Richmond, Va., father.

Miss Grass, who opened a room in the rooming house where she stayed took her life to avoid disgracing her family, the letters disclosed.

## DYE BLOUSE OR BABY'S COAT IN DIAMOND DYES

Diamond Dyes add color, softness to worn, faded skirts, coats, stockings, sweaters, coverings, hangings, draperies, everything. Every package contains directions so simple any woman can put new rich fadeless colors into her worn garments or draperies, even if she has never dyed before. Just buy Diamond Dyes—no other kind—then your material will come out right, because Diamond Dyes are guaranteed not to streak, spot, fade or run. Tell your druggist whether the material you wish to dye is wool or silk, or whether it is linen, cotton or mixed goods.

## RADIO FANS MAY ENJOY BIG RACING CLASSIC

INDIANAPOLIS, (Special)—Radio fans who delight in sports' Get ready to tune in. Memorial Day on station WOII, broadcasting from Indianapolis on the 360-meter wave length.

If you do you will enjoy the 10th annual 500 mile motor racing classic at the Indianapolis Speedway almost as well as the racing fans in the grandstand. You will hear all they love—even the pop pop of the motor exhausts as they speed around the track.

ARRANGEMENTS MADE.—The city's electric and general manager of the Speedway, has made all arrangements for the radio service with the Halfield Electric Company of this city. The central location of station WOII makes it possible if the day is clear for radio enthusiasts the country over to hear its program.

Get your receiving set in tune with WOII early for promptly at 7 p.m. the program will start. It will begin with a band concert by the

happens the largest aggregation of players heard by radiophone. It will consist of 40 bands massed into one organization of 100 pieces. For a half hour before the race, this band will play before the grandstand and its music will be broadcast to all the radio fans listening in.

From 10 o'clock on, when the race begins, WOII will broadcast the progress of the contestants at half-hour intervals. Important incidents will be related.

BOMBS BY RADIO.—Bombs signaling progress in negotiations to start the battle between 32 drivers for the \$100,000 prize money will also be heard by radio. The start of the race, even the cheering of the crowds as the cars get under way will be heard hundreds of miles from the track.

Throughout the day the bulletin radio service will continue until about 4 o'clock, when the finish of the event is expected. Following the race, a complete review of the classic and names of the ten prize winners will be broadcast.

## How to Get Best Results From Your Radio Set

By R. L. DUNCAN

Director, Radio Institute of America

If you want to get the most out of your receiving set, take this tip or two.

Never try to share your aerial with another fellow. It don't work. He will be detuning your set and you will be detuning his. This applies to both outdoor and indoor antennas.

If you have to share the aerial divide the time of operation. Disconnect one set while the other is in use.

Don't expect too much of your indoor loop or frame aerial. As previously explained this is only for use in case you have a good radio frequency amplifier or have a nearby broadcasting station.

Don't think because the aerial is inside the house that you can but out reception by closing the doors and windows. Either upon which the electromagnetic waves travel permeates all substances, excepting possibly non and steel but usually as it does all.

If you want to shut out reception throw your switch and disconnect your set from the antenna circuit.

SOURCE OF ANNOYANCE.—We speak of the detector tube as oscillating when it is a maximum of activity. In this oscillating it throws off a small amount of energy

which leaks thru the retelling set into the aerial.

These signals thrown off by the aerial will be heard by those nearby who may be tuning in to the same wave length.

This is great source of annoyance and requires skill in tuning to avoid it.

TUNING IN.—The problem of tuning in to the best advantage is one that each fan will have to work out for himself by simply varying his dials until he discovers the selective spots.

You may see a set receiving very perfectly at a friend's home or in a store and note the position of its dials. But if you try to make exactly the same arrangement on your own set it may not work at all.

It all depends on the location of the receiving station, the height and length of the aerial, the length of the lead in and the size of the wave used.

No rules can be laid down for specific tunings.

It is mostly up to the operator himself.

TICKLER.—The plate variometer or "tickler" is the one part of the set that requires the most attention and skill in handling on account of its regenerative principle.

But with a little practice one can soon learn just where each variation is needed, and a maximum of efficiency in reception is enjoyed.

## WIRELESS NEW? ASK THE CHIEF

Chief Sherman Charging Hawk wouldn't give the present generation credit for inventing the wireless method of communication. For he can recall the time when his ancestors used a wireless system of signaling. Only they broadcast signals from beacon fires. However, the Indian chief likes to listen in on modern radio.

## RADIO PRIMER

## COUNTERPOISE

One or more wires stretched beneath the aerials and insulated from the earth. It is used in radio transmission and reception when a good ground connection is not available. Aircraft use a counterpoise because of their inability to ground their radio sets.
